MORE PENSION CLERKS.

The House Debating the Bill for an Increased Clerical Force in the Pension Office.

WASHINGTON, July 15.—The house this morning, after routine business, went into committee of the whole on the bill appropriating $636,189 for additional clerical force of the pension office, after agreeing to a motion that the general debate be limited to two hours. Mr. Dockery, of Missouri, criticised the majority of the committee on appropriations for not reporting a bill making an appropriation to pay the pensions, which would be granted under the dependent pension bill and intimated that this failure was attributed to political reasons and the appropriation would not be made before the November elections.

Secretary Tracey this morning revoked the orders of the United States steamship, Essex, which was to have conveyed the remains of the late inventor, Erricsson, to Sweden. While much pressure was brought to bear upon him to send one of the new cruisers on this mission the secretary did not decide to revoke the orders of the Essex until last night and much surprise was expressed at the department this morning when the order was issued.

FOREIGN NEWS.

National Fete Day in Rio Janerio--American Riflemen at Cologne.

RIO JANERIO, July 15.—Yesterday being the national fate day, it was generally observed in this city. The streets and public buildings, as well many private residences, were decorated. There was a general illumination and a display of fireworks in the evening.

CALOGNE, July 15.—On arriving here from Berlin at 7:50 o'clock this morning, the American riflemen proceeded direct to Keonigswinter and Reibengierberg.

LONDON, July 15.—Docton Parkes reports that Mr. Stanly is still ill and very weak. A message had been received from the queen by telegraph asking as to the explorer's condition.

PARIS, July 15.—Mendelsohn, the Nihilist, denounces the faulty salary condition and the discomfort of the prisons of France which he says are inferior in these respects to those of Prussia. He, however, admits that kinder treatment is accorded prisoners by French magistrates and prison officials than is the case in Prussia.

AN OHIO WRECK.

Several Persons Killed Near Ashland' Ohio.

MANSFIELD, Ohio, July 15.—A bad wreck occurred on the New York, Pennsylvania and Ohio road about 11:40 o'clock to-day, one mile east of Ashland. The Chicago and St. Louis limited vestibule train, No. 5, ran into the rear of a freight. Reports as to the extent of the accident are conflicting, but it is believed several were killed and a number badly injured. Officials of the road here can give no definite information.

NO ONE KILLED.

Later—It is now definitely known that no one was killed. The engineer and fireman jumped, escaping with only slight injuries. None of the passengers were injured.

CHOLERA'S RAVAGES.

There Have Been Two Hundred and Fifty-One Deaths from It in Spain.

MADRID, July 15.—The Gazette reports that during the last two months there have been developed 445 cases of cholera in Spain. Two hundred and fifty-one of these cases have resulted in death.

VIENNA, July 15.—As a result of the election for members of the Salzenberg Dieth, a majority of German liberals have been returned. This fact signifies that the peasantry have revolted against the landed clergy interests.

Emin Pasha's Successor.

MONTREAL, Que., July 15.—Capt. Huntly B. Mackie, R. E., a native of this city, has been appointed resident-a-urganda under the Imperial British East Africa company. He thus becomes the virtual successor of Emin Pasha, although in an adjoining province and in a different service, Emin having held his position from the khedine of Egypt.

THE MONEY KINGS

Rejoice Over the Signing of the Silver Bill by the President.

NEW YORK, July 15.—This morning the market was higher on account of the signing of the silver bill. London operators cabled over orders to buy stocks in our market. Silver bullion certificates advanced to 1.09½ per ounce and were actively traded in. Vice-president Thompson, of the Chase National bank, President W. H. St. John, of the Merchants National bank, and the others of the little clique on Wall street, which has been working tooth and nail for silver legislation, were happy and serene. They do not approve the bill, but think it the best compromise which could have been made. Bullion will be bought and certificates will be issued under the provisions of the bill on August 13.

The signing of the bill was hailed by the mining crowd at the consolidated stock and petroleum exchange with general joy. Saturday a forerunner of the passage of the bill was seen in a very unusual activity and excited bullish market, followed by a continued active market yesterday. Nearly 7,000 shares of various nursery stocks changed hands within the first hours of business before 11 o'clock this morning.

News from SanFrancisco is looked foreward to expectantly as it is thought the law will have a very considerable effect upon the Comstock's and other prominent western silver stocks.

HOMELESS PEOPLE

And Absolute Starvation Follows as a Result of the Fort La France Fire.

PORTLAND, Me., July 15.—J. H. Hamler & Son, of this city, have received a letter from their representative at St. Pierre Martinque, dated June 27, and giving later particulars of the great disaster at Fort la France. The fire began about 7:30 a. m, June 22, spread rapidly before a high wind and by the following morning had ravaged along the sea shore from the western side of the Savarrah to the Riviere Levassor. More than 1,700 buildings were destroyed and with the exception of a very small portion, the antique city of Fort LaFrance is in ruins. Many people perished and twenty-five bodies have been recovered. Three quarters of the thickly populated area of the city is destroyed and seven-eights of the people, numbering from 6,000 to 7,000 are homeless. The demand made upon the charity of those who are spared has reduced them to almost the same state of destitution. Money must be had immediately or the distress at Fort LaFrance will come to absolute starvation.

Another Victim.

MINNEAPOLIS, July 15.—Another victim of the Lake Gervais cyclone died yesterday. It was Mrs. John Clark, whose home at Little Canada was wrecked. Her left arm was torn off and her lung exposed. She died in great agony. A sliver pierced her husband just above the heart and, though he hovers between life and death, it is thought he has a chance to recover. The house of Robert Baumgardner near by was also completely wrecked, but the family escaped by going into the cellar.

Went Over the Falls.

BUFFALO, N. Y., July 15.—The young man who jumped into the rapids and was carried over the Niagara Falls yesterday afternoon, has been definitely identified as Alex H. Weppert, aged twenty years, of this city. He was employed as driver of a laundry wagon and lived with his parents on High street. He ate dinner with the family yesterday and seemed to be in good spirits. He said nothing of going to the falls. No motive for the deed is known.

Miners Meet.

COLUMBUS, Ohio, July 15.—The national executive committee of the Mine Workers union of America in session here to-day decided to bring suits in behalf of the families of the men who lost their lives in the mine at Dunbar against the company for $10,000 in each case. They are this afternoon considering the Illinois strike question in executive session. It is practically certain a strike will be ordered.

Out On a Strike.

TRENTON, N. J., July 15.—Between 1,200 and 2,000 iron workers quit work in the New Jersey steel and iron mills, owned by Abraham S. Hewett, of New York City, because of the refusal of the firm to sign the Amalgamated iron works association scale of wages and recognize that labor organization.

'TWAS A HOOSIER ONE!

A Lively Tornado Strikes Terre Haute and Does Considerable Damage--Storms Elsewhere.

TERRE HAUTE, Ind., July 15.—About 7 o'clock last evening a terrific storm of wind and rain damaged a number of buildings besides leveling trees and fences. The wind unroofed a portion of Mayor's opera house, lightning struck the steeple of the German Methodist church and nearly demolished it. A number of residences were unroofed, but no one has yet been reported injured.

A report from Ellsworth, five miles north, states the strawboard trust's paper mill was partially unroofed and a portion of the walls blown down; damage not estimated. Lightning struck and set fire to several farm houses on the outskirts.

TWO RIVERS, Wis., July 15.—During a terrific thunder storm which passed over the city at noon yesterday, the steeple of the German Evangelical church was struck and completely ruined. Pieces therefrom were thrown several hundred feet. The church building was also damaged.

PONTIAC, Ill., July 15.—A heavy wind and rain storm passed over this section about 5 o'clock last evening. Trees were blown down and corn and oats are flat on the ground.

DESPERATE CRIMINAL

Resists Arrest and is Shot by the Sheriff.

ST. HELENA, Cal., July 15.—A man giving the name of Thos. Collins arrived here Saturday, driving two horses attached to a buggy. He attempted to dispose of the rig, but failed. It was subsequently learned that he had stolen the outfit. He left the city yesterday. Sheriff Howard at once went in pursuit. He overtook Collins at a place kept by T. H. Ink. Collins refused to surrender and attempted to run away, when Howard fired at him, wounding the fugitive in the ankle. Collins then emptied his shot-gun into Howard's breast, inflicting a probably fatal wound. Howard knocked Collins down, handcuffed him and then fainted from loss of blood. Ink brought both men to this place. Collins was subsequently removed to Napa for fear of being lynched.

LIBERALS WIN

In the School Election Held at Salt Lake City.

SALT LAKE CITY, July 15.—The liberals carried three and probably four of the precincts at the school election yesterday. This gives them a majority of the board of education as there are only five precincts in all. Mr. Dyer has resigned from the receivership of the Mormon church and has asked that his successor be appointed at once.

Bet on Horse Races.

BROOKLYN, N. Y. July 15.—Dr. John Edwin Edsall, 40 years of age, of 125 High street, shot himself this morning in a fit of dispondency over financial losses in betting at race tracks. Physicians here announce the wound of fatal character. Dr. Edsell who has a wife and 15 year old son has had a fair practice for some years past.

Killed on Duty.

ROCHESTER, N. Y., July 15.—A West Shore freight train ran into a freight train on the W. N. Y. & P., at 2:15 this morning. The engineer was instantly killed and the fireman received injuries from which he died at the city hospital here at 9 o'clock. The engines were badly wrecked.

Struck a Rock.

PORTSMOUTH, N. H., July 15.—The yacht Marie, of South Boston, from Rye Beach to Pigeon Cove struck a rock last night and was sunk. The crew of four got into the tender which was swamped several times and three of them were drowned.

New Man of War.

SAN FRANCISCO, Cal., July 15.—The new man of war, San Francisco, will be decked to-day for the purpose of having her bonn scraped and her propellers attached. Next week preliminary trips will be made by the vessel to test her speed and machinery.

Miss Anna Nichols, aged twenty-three years, daughter of J. T. Nichols, of Riverside avenue, died at the St. Joe hospital, of heart disease. Funeral Thursday at 2 p. m.

CRIMINAL AND CIVIL.

The Watch Thieves Bound Over--A Man Ejected From His Own House--Court Cullings.

The police court this morning was a little out of the usual order of "plain drunks and vags." The first offender was F. Gibson, a dissipated fellow, who was arrested by Officer Romy for being helplessly drunk. He was sent to jail for eleven days, having no money to pay his fine. The next man called was John Hays (ficticious) who was arrested by Officer Tremmell for intoxication. "Hays" paid $10.50. Charles Reidmiller was then fined for assault and battery on his brother-in-law, Ed Pritchard.

John Plucy and Wm. Allen were re-arraigned for attempting to steal a watch from James Buckles in Russell George's saloon a few days ago. Several witnesses testified against the prisoners and the mayor bound them over in the sum of $300 each.

Peter Koelinger was next arraigned for assault and battery on his wife. The woman appeared against him. She testified that her "man" came home "full" and began abusing her, and when she retaliated he struck her over the head with a broom handle, the force of the blow breaking the stick. It was shown that Peter "rushed the growler" more than he rushed into work, all of which caused the mayor to frown upon said Peter and cause him to be mulcted to the tune of $25 and costs or thrity-six days in jail. He went to jail.

JUSTICE COURTS.

One Albert Heckman has become notoriously conspicuous in several justice courts within the past twenty-four hours, no less than six affidavits having been filed against him. The circumstances of the difficulty are domestic in nature. Albert Heckman rented of J. D. Gumpper a house on Franklin avenue. A portion of the house Heckman sub-rented to Adam Ebert. For some cause Heckman had his tenant ejected, a constable setting the latter's goods into the street. To this the Ebert family strenuously objected and when the man of the law was out of sight, they replaced the effects in the house. Immediately afterward Ebert bought the property and was owner of all he surveyed within the boundary of a 50x150 lot, but Heckman, who still supposed himself master of the premises had the goods of the new owners again removed from the house Sunday evening last, this time by illegal means. This warfare has borne fruit in a number of suits filed in each of the justice courts against Heckman, the cases being both criminal and civil.

Justice France fined George Heckman $1 and costs for provoking Adam Ebert. Albert Heckman took a change of venue to Justice McDaniel, of Washington township, from France, on a charge of provoking Maria Ebert. He took a change of venue from Justice Hays on the charge of assault and battery on Maria Ebert and the case was sent to Justice Oliver Tustison, New Haven.

Other cases are filed against Heckman before Justices Ryan and Tancy. The defendant to this wholesale litigation will probably have an interesting time of it for some time.

ANOTHER ONE.

The Home Club Suffers Another Defeat in the Anderson Game.

Anderson again defeated the home club yesterday afternoon, making the sixth consecutive game that the home club could not get a mortgage on. The score was 9 to 5. Gallagher was in the box and Whalen, the new catcher from Grand Rapids, played his first game without an error. Whalen seems to be a good thrower and also a strong batter. Beeson, an alleged umpire, who may mean all right, but who is assuredly incompetent to umpire a league ball game, seemed to give our side the worst of it. The score was as follows:

LAKE BREEZES.

They are Enjoyed by Fort Wayne People at Clear Lake.

[Special to THE SENTINEL.]

CLEAR LAKE, Ind., July 14.

Mr. Theodore Thieme has completed his cottage and now occupies it with his sisters, Tillie and Leoni, and brothers Lipes and Hugh.

Some fine fish are being caught in the lake. Good bait, however, is scarce and a box of "fish worms" would be highly prized.

The young people have had some enjoyable dances in the hall of the Lake View hotel several evenings during the past week.

Four o'clock p. m. is the popular hour for bathing, and the beach is the scene of much sport and merriment at that hour.

Mr. H. D. Winch, wife and child and Miss Daisy Winch arrived here Saturday for a few days' stay.

The hotels are doing a large business, but Mr. Bisbee, the proprietor, is making every effort to make all comfortable.

Dr. M. F. Porter and family returned to Fort Wayne Monday, after a pleasant stay of ten days.

The Fort Wayne people here are largely in the majority. Mrs. A. Geismar and daughter and Mrs. Richardson are among the late arrivals.

Prof. C. T. Lane and family have enjoyed ten days of recreation and returned Monday.

The view from the hotels over the lake and beyond to the distant hills is beautiful and the steady breeze over the waters is cool and pleasant.

Mr. H. V. Root arrived Saturday evening to spend Sunday with his family at their pleasant cottage.

The following Fort Wayne people are now registered at the Grand View and Lake View hotels: Mrs. A. Geismar and children, Mrs. Richardson, Mrs. F. N. M. Thayer and sons, Arthur and Wade, Miss Blanche Hardendorf and cousin, Maud Hendricks, Mr. and Mrs. Joseph Rossell, wife and children, Miss Winnie Wilson, Mrs. W. Reichart and child and Winnie Hartman, Mr. V. Root and wife, Mr. H. V. Root and wife, Mr. and Mrs. C. T. Lane and family and niece, May Hall, Dr. M. F. Porter and family and niece, Emily Wilding, Wright Dodez, Misses Daisy and Fanny Winch, Mr. and Mrs. H. D. Winch and child, and Mr. and Mrs. C. H. Newton and family.

A number of the young people enjoyed a taffy pulling at the cozy cottage of T. F. Thieme last evening.

Mr. Wade Thayer performed a remarkable feat the other day, swimming from bath houses to Round Island, a distance of about two miles.

Everybody bathes. There is no limitation as to age either way. The toddling baby and gray beard alike enjoy the warm waters. Some of the lady bathers are learning to swim quite well.

WITH A RUSH!

County Clerk Kern Re-opens the Clerk's Office and the Summer's Legal Dullness is Dispelled.

Jacob J. Kern, the newly-appointed clerk of Allen county, who was chosen to serve the unexpired term of the late Dr. G. W. Loag, returned from Indianapolis at an early hour this morning with his commission, and at 8 o'clock the doors of the clerk's office were thrown open for business.

Mr. Kern's first act was to appoint Michael J. Houlihan his chief deputy. Mr. Houlihan has been a very capable assistant in the office for a long time past. He is corteous and competent and the appointment is a deserving one. Mr. Kern will retain as his other deputies Harry Metzgar, of the circuit court; Ed. Twomey, of the superior court, and George Ward, assistant deputy in the office, each of whom have filled their positions in a faithful and capable manner. The closing of the clerk's office since the death of Dr. Loag had the effect of accumulating court business in the hands of the attornies, and when the office was reopened this morning the rush of business was something overwhelming. The summer dullness was dispelled by a constant pressure of business demanding the clerk's attention. There were, too, a large number of documents filed, among which were the following:

CIRCUIT COURT.

The guardian's current report in the matter of the guardianship of Mary E. Sauers, minor heir of Andrew Sauers, deceased, has been filed with County Clerk Kern, John F. Rodabaugh, attorney.

Henry M. Williams enters suit against Loe McMullen, if living, or if dead, against the unknown heirs of Loe McMullen, deceased, to quiet title. George D. Crane is attorney for the plaintiff. The complaint avers that defendants wrongly or fraudulently assert interest in or claim upon premises of west half of the southeast quarter, section twenty-seven, township thirty north, range fifteen east, Allen county.

Samuel Kraiger enters suit against Joseph Emley, complaint in account, demanding $900. W. G. Colerick, attorney for the plaintiff. The action is to recover on board, of defendant and wife.

Anna M. Tons enters suit against Perry J. Tons for divorce on charge of abandonment, failure to provide and abusive treatment. The parties have not been living together since March, 1888. Bell & Morris, attorneys for plaintiff.

Eliza Dedolph enters suit against Wm. Dedolph for divorce and $1,000 alimony. The defendant is charged with being an habitual drunkard, failing to provide and being inhuman to his family. The plaintiff asks for the custody of six children, who range from three to seventeen years in age. W. P. Breen is attorney.

SUPERIOR COURT.

Conrad Beurer enters suit against Frederick Oetting, complaint to foreclose mechanic's lien, $75. Swayne & Doughman for plaintiff. The action is to recover for painting a house for defendant on lot No. 136, Eliza Hanna sr's addition, against which premises he holds said lien until bill for painting is paid.

John T. Phillips enters suit against James S. Barr and Henry Keller, complaint to foreclose mortgage and for judgment of $1,200. T. W. Wilson is attorney for plaintiff.

Augusta Wehret enters suit against Frederick W. Wehret, for divorce. Charge, failure to provide, etc. C. W. Kuhne, attorney for plaintiff.

THE MAN WITH NERVE

Is the One Who Steals Cedar Blocks by the Wagon Load.

The man with nerve is the man who will do things that would make a modest man or an honest man blush. The man with nerve is he who has been making it a nightly practice to steal and haul away in a wagon cedar blocks from some of the huge piles that are scattered along some of the thoroughfares to be paved. Contractor Talbot has noticed an unaccountable diminution in his supply of cedar, which has prompted him to engage watchmen to guard his property. He has been informed that on several occasions a man was seen to drive up to one of these piles about 3 o'clock in the morning, load his wagon and quietly steal away. There may be some startling prosecutions soon.

ORDER OF RED MEN—Regular meeting.
LODGES—Home, 342, F. & A. M.; Fort Wayne, 116, K. of P.

THE president has approved of the silver bill and it is now a law.

GEN. ALGER, of Michigan, is a full fledged republican presidential candidate.

PETER H. PERNOT has taken a reportorial position on the staff of the Indianapolis Sentinel.

THE republicans of Marion county will hold their county convention at Indianapolis next Saturday.

THE funeral of Gen. John C. Fremont will take place to-morrow morning at 10 o'clock in New York City.

SUPERINTENDENT JOHN G. BLAKE, of the feeble minded school, is entertaining the members of the state board of charities to-day.

THE president has sent to congress, with an endorsement of approval, Mr. Blaine's suggestions for the establishment of an International American Monetary Union.

A NUMBER of fish and angle worms fell in the streets of Crawfordsville on Saturday night during a storm. The fish were from two to four inches long, and many of them were eyeless.

THE Knights of Labor of Reading, Pa., have commenced a movement in favor of free text books in the public schools and will oppose candidates for office who do not agree with them on the question.

ABRAM S. HEWITT is seriously ill in Europe, and it is thought that he will not recover, as he has been failing for some time past. When he left for Europe he was under physicians' orders to take a long rest.

A CONTRACT has been signed which provides for an electric light plant at Columbia City. The city will be lighted by the arc lamp which the company promises to have in working order within two months.

THE address of Hon. Walpole G. Colerick, delivered at Lagrange, Ind., on the Fourth of July, is printed in full in the last issue of the Lagrange Democrat. It is one of the distinguished gentleman's brilliant efforts.

THE editorial war between C. G. Conn, of the Elkhart Truth, and E. D. Fuller, of the Elkhart Sunday Call, raging with bitterness ever since the Call was established, has resulted in Mr. Conn suing Mr. Fuller for libel, claiming $10,000 damages.

THE national democratic committee has taken hold of the North Dakota campaign. It is the intention to place this state, together with Montana, in the democratic column. There is a very general belief among the party managers that this can be accomplished.

MRS. CATHERINE SHARP, of Philadelphia, says that when she was twelve years old she sold milk to General Washington and his staff from her father's farm. She is now one hundred and twelve years old and her mental facilities are unclouded, though her veracity is probably a trifle palsied.

KNUTE NELSON, for three terms the congressman from the Fifth Minnesota district, has declined the proffer of the nomination for governor from the Farmers' Alliance. Mr. Nelson asserts that although he is a tariff reformer of a pronounced type, he is still a republican. The farmers are now advocating Gen. James H. Baker, of Mankato, who has always been a republican.

SHERIFF VIBERG and his deputies have been doing some pretty detective work in the cases of the recent burglaries which have been perpetrated in this city. They have hunted down the criminals in many cases and restored the stolen articles to the owners. In one case where jewelry, a gold-headed umbrella and a pair of opera glasses were taken the sheriff's deputies traced down the stolen articles, within a week after the robbery was committed, recovered them and now have the culprits in custody. This gang of criminals is composed of young fellows of fourteen years and upwards. They are case-hardened criminals and deserve severe punishment.

REPRESENTATIVE MILLS, of Texas, has been granted a month's leave of absence and is now on his way south. Before leaving Washington he expressed himself freely as to the course affairs have taken in the house, saying that the result would be an overwhelming democratic victory in the fall. "We shall carry the next house," said Mr. Mills, "election law or no election law. We shall gain in the north so greatly that we can not be counted out successfully. Of course the federal election scheme, with its paid election agents and its returning boards, will be an issue in the campaign. We are not going to let them obscure the tariff question, however; that will be fully discussed before the people, and we are steadily gaining everywhere on that issue."

EDITOR S. E. MORSS, of the Indianapolis Sentinel, while in the city was interviewed by one of our local newspapers on the political situation. In speaking of the probable democratic nominee for the presidency he said: "If the democratic candidate is called from the east his name will be Grover Cleveland. He is identified with tariff reforms and the best thought of the country. He is popular with the masses and enjoys the confidence of the country to a greater degree than any other man in public life to-day. If Mr. Campbell is re-elected governor of Ohio he will impress himself favorably on the country, and it will be pretty hard to prevent him from storming the convention. Like Mr. Cleveland, he is an able man, a thorough democrat and a tariff reformer."

REV. W. M. VANSLYKE, pastor of Berry street M. E. church, has received from W. H. Vance, pastor of the church at Crete, Neb., a letter thanking him for the contributions sent to Rev. Dr. Marine, whose illness has been noted in these columns. He says concerning Dr. Marine's condition: "It would be difficult for me to tell you his exact condition; his case baffles the best physicians of the city. It is brain trouble of some kind, and he is entirely helpless, and hopeless; is unconscious all the time and exceedingly nervous. In fact, he is a mental and physical wreck. His constitution may keep him up for several months—he may die any time. A peculiar feature of his case is that, though he has been perfectly conscious at times since his first attack, everything connected with his life in Nebraska has faded from his mind. His friends in Lincoln have done a great deal for him, his lots are now paid for and about $800 on hand with which to build him a home. It is one of the saddest cases I have ever known, and is worthy of Christian sympathy and help."

Next Saturday evening Mr. and Mrs. Col. R. S. Robertson will tender their friends a reception at their residence, corner of Berry street and Broadway, previous to their departure for Salt Lake City, Utah, where the colonel is summoned on account of duties connected with the Utah commission, of which he is a member. After the colonel's return, his wife will remain there for some months with her son Nic, who is located there in the practice of law.

Levi Odell, near Rochester, who practiced the healing art for half a century, is dying of a rattlesnake bite.

REPORT OF SPECIAL COMMITTEE.

We your special committee appointed to consider and hear objections and complaints that might be offered by those interested in or feeling aggrieved by the report of the city civil engineer relating to the construction of a cedar block pavement and resetting of curbs on Harmer street, between Wayne and Jefferson streets and the facts therein contained and upon which report and estimate against the property is proposed to be made as authorized by law, respectfully report, that we did meet at the council chambers of the city of Fort Wayne, on the 9th day of July, 1890, at 7:30 o'clock p. m., agreeable to the notice of such meeting which had been theretofore duly published. the committee found that the engineer's report omitted to include the contract price of resetting the curbs upon one side of said work from Wayne to Jefferson which amounts to $49.92, and which said omission we have corrected by properly apportioning the same according to law, making an increase of .0832 per foot.

No one offered any objections or complaints, your committee carefully considered said report the facts and the law relating thereto, and do now report that said estimate as herewith submitted is just, true and legal and do now recommend that said estimate be granted against the persons and property as set forth in said report for the respective sum and amount as therein shown.

HERMAN MICHAEL,
H. HILBRECHT,

HENRY COLERICK, City Attorney.

REPORT OF CITY CLERK.

I respectfully report that the assessor, Chas. Reese, has this 14th day of July, 1890, delivered to me the assessment of all property liable for taxation in the city of Fort Wayne for the year 1890, together with the affidavits as required by law.

REPORT OF THE ASSESSOR.

I herewith submit an abstract of the assessment of real estate and personal property for the year 1890, together with a comparison with the the previous year, 1889:

	1890	1889	Increase	Decrease
No. of Female Dogs.	78	82		36
No. of Dogs.	1,061	1,059	31	
No. of Polls.	6,283	5,890	413	
Total Value of Taxables.	$19,378,040	18,675,280	802,710	
Value of Pers'n'l Property	$4,449,170	4,002,820	446,350	
Value of Improvements.	$5,900,175	5,900,320		465,135
Value of Lots and Lands.	$8,623,095	8,672,400		45,726

The decrease in value of lots and lands is due to the non-assessment of several church properties which were formerly assessed. A reduction of $255,115 is claimed by the several owners of bank stock to offset their indebtedness.

In order to guard against results utterly subversive of health, it is absolutely essential that the grand thoroughfare or avenue of the system, the bowels, should be re-opened as speedily as possible when they become obstructed. If they are not, the bile is misdirected into the blood; the liver becomes torpid; viscid billious matter gets into the stomach, and produces indigestion; headaches ensue, and other symptoms are produced, which a protongation of the exciting cause only tends to aggravate. The aperient properties of Hostetter's Stomach Bitters constitute a most useful agent in overcoming constriction of the bowels, and promoting a regular habit of body. It is infinitely superior to the drastic cathartics frequently used for the purpose, since it does not, like them, act violently, but produces a natural, painless effect, which does not impair the tone of the evacuatory organs, which it invigorates instead of weakening. The stomach and liver, also, indeed the entire system, is strenghtened and regulated by it.

KING OF COCOAS--"ROYAL COCOA FACTORY."

Kings are but men, but all men are not kings. Therefore, when the *King of Holland* says, as he did by deed of August 12, 1889, that he is greatly pleased with

VAN HOUTEN'S COCOA,

"BEST & GOES FARTHEST,"

and, entirely unsolicited, grants the manufacturers the sole right of styling their works the Royal Cocoa Factory, a significance attaches to the act which would not were he not "every inch a king."

There's a corset that isn't a corset, a waist with straps for the shoulders and rows of buttons to button on skirts and stocking supporters and so forth—the Ball Waist—and that's about the whole of it. No; you can put it in the washtub—no metal in it or on it.

It is worth your seeing, if for nothing but how to sew on buttons to button easy and never come off, and how to make buttonholes wear forever

Women differ in their ways of thinking and dressing as well as in other ways. This waist is for women whose minds are made up that they won't wear corsets.

There's much to be said on both sides; but did you ever hear of a woman who hadn't made up her mind in *some* way? and is there any possible use in trying to get her to change it? She will and she will; or she won't and she won't.

You can get the Ball Waist and wear it a week or two or three; and, if you don't want it, take it back to the store and get your money.

LIFE'S HISTORY;

Its Smiles and Tears. Such is the course of life, made up of sunshine and gloom, gladness and sorrow, riches and poverty, health and disease. We may dispel the gloom, banish the sorrow and gain riches; but sickness will overtake us, sooner or later. Yet, happily, that enemy can be vanquished; pains and aches can be relieved; there is a balm for every wound, and science has placed it within the reach of all. There is no discovery that has proven so great a blessing as Dr. Tutt's Liver Pills. In malarial regions, where Fever and Ague, Bilious Diseases and ailments incident to a deranged liver prevail, they have proven an inestimable boon, as a hundred thousand living witnesses testify.

Emmett Dunfee, foreman in the machine department of the Olds wagon works, celebrated his thirty-third birthday yesterday and James Doyle, foreman in the wheel room, is celebrating his thirty-fifth to-day.

Western railroads have sometimes hard work to keep their trains moving with regularity. During one of the snow storms of last winter in the Rocky Mountains ten locomotives were required to carry a train through a snow drift. The train was made up as follows: First a snow plow with nine engines behind it, then a train of nine cars with another five engines, and behind these five engines with a gang of men to dig out the train should it get stuck.

The Huntington Herald says: "Geo. W. Adams, the Wabash railroad fireman who was bound over to the Wabash circuit court by Mayor Crabil, of Wabash, on the charge of having put out the eye of a tramp who was stealing a ride behind the engine, by hitting the tramp with a piece of coal, was in the city, to-day, from Andrews. Mr. Adams says there is no shadow of truth in the charge, as he did not throw the coal, nor did he know there was a tramp passenger on the train. Mr. Adams is a man whose word is to be relied upon, and it is not probable the case will ever come to trial."

Col. John Lee has filed in the county records, a map of his new road, the New York, Fort Wayne and Chicago road, as it is projected through the county. It starts at the Ohio boundry and runs west directly along the lines between Maumee, Milan, St. Joe, Washington and Lake on the north, and Jackson, Jefferson, Adams, Wayne and Aboit on the south. The road crosses the Wabash line at Gaar Creek and crosses the Maumee at the Shugart and Groneaur farms. It comes in along the Catholic cemetery road, traverses Lakeside addition, crosses the St. Joe river this side of the Electric Light Power station and goes on west in a straight line just north of the Nickel Plate road and straight through Bloomingdale and the Brookside farm.

The Chicago Times says: "The attempt of the Fort Wayne Railway company to construct a picket fence along its tracks will be vigorously resisted by property owners and tenants along the right of way. Last Saturday afternoon, when the courts had closed and an injunction could not be secured restraining the company from working, a force of men appeared at Root street and Stewart avenue and proceeded to erect a fence. In less than an hour they had built about fifty feet, but they didn't build any more. The people tore down the work and the police department was called upon to stop all trouble. When the officer reached the ground they were met by defiant yells. One woman, more determined than the others, threatened to scald the first man who would turn a shovel of dirt at her door, claiming that the property did not belong to the railroad company. She showed such a willingness to carry out her threat that the workmen and police abandoned the place."

BEATS THE JONES TWINS.

A Surprising Freak of Nature Born at Winamac.

(Logansport Pharos)

Mr. and Mrs. L. W. Hatfield, prominent people of Winamac, are the parents of a double child which is a stranger freak than the Jones twins. It is a pair of boy babies, whose aggregate weight is seven pounds. One child is perfect in every respect, while the second is without a head. Its lower limbs, body and left arm are perfect, but its left hand is without a little finger. Its right arm is merely a rudimentary growth of three inches, with a nail on the end of it, and resembles in appearance an index finger. Both children are well and hearty and seem to be growing and developing as one child. The attachment of the second child to the first is by a fleshy union at the upper and outer side of the umbillicus. Probably the greatest peculiarity is that both children subsist from nourishment taken by the perfect child. At the present time the parents absolutely refuse to allow any person to see the babies.

A Thoughtful Husband.

No thoughtful, loving husband will neglect to provide his wife with this unequalled invigorating TONIC AND HEALTH RESTORER. SWIFT'S SPECIFIC (S. S. S.) is the remedy for debilitated women and children. To them it imparts freshness of complexion, beauty of form, and elasticity of step.

Restored his Wife's Health.

My wife suffered for years from debility, and a general breaking down of health, the results of diseases peculiar to women. A few bottles of SWIFT'S SPECIFIC (S. S. S.) restored her to perfect health. It built her up, increased her appetite and weight, until she is now the picture of health. The speedy recovery of my wife from her long illness caused all my family, and several of my neighbors to take S. S. S. As a tonic we are all delighted with it.

GEORGE FLAMMER, Covington, Ohio.

Our little girl, Jessie, had Scrofula for six years. We tried the best physicians of New York and Philadelphia; also Hot Springs, Ark., without avail. SWIFT'S SPECIFIC (S. S. S.) cured her.

A MARVELOUS PREMIUM.

THE MUTUAL LIFE INSURANCE COMPANY, OF NEW YORK, SECURES IT.

Nearly $600,000 Paid by Members of one Family for Insurance in the Mutual.—The Most Stupendous Transaction Known in the History of Insurance.—"It has Never Been Done Before; It Never Will Be Done Again."

—E. C. POTTER & CO.—

No. 799. New York, Dec. 24, 1889.

BANK OF NEW YORK.
National Bankers Association.

Pay to the order of L. C. HOPKINS, Genl Executive Agent

Five hundred and Seventy Eight Thousand, Three Hundred and Forty Five ——— LARS.

$578,345 00/100 — 29 DEC 28 1889. — CERTIFIED, Payable through New York Clearing House, N. B. A. — E. C. POTTER & CO.

The above check was received by the Mutual Life Ins. Co. of New York, for Insurance effected upon the lives of five members of the illustrious Havemeyer family of the City of New York. The Policies selected were the 10 year guarantee contracts of the Mutual Life's with the annuity feature added. Each policy was for the sum of $100,000 and the insured chose to make but one payment, thus commuting the cost. The insurance covered by the above mentioned premium payment of $578,345.00 was upon the lives of Mr. Theo. A. Havemeyer, the well known Merchant of this City, and Four members of his family. Mr. Theo. Havemeyer, is the Austrian Counsel General and a Gentleman of wide influence and of great business sagacity. Mr. E. C. Potter, whose signature is appended to the check, is the son-in-law of Mr. Havemeyer, and is one of the most prominent of bankers and brokers operating upon the stock exchange. There are two significant points for consideration in connection with this Insurance.

First, that the Messrs Havemeyer seeking a profitable and safe investment of a vast fund, selected Life Insurance as offering more advantages and greater security than any other form of investment. Second That they had such faith in the management and stability of the Mutual Life Insurance company of New York, that they willingly entrusted to its care nearly $600,000 in cash without any security whatever, and only the PROMISE of the company to pay.

The particulars of the life insurance contracted for by the family of Mr. Theo. A. Havemeyer, with the MUTUAL LIFE INSURANCE COMPANY, by which that institution received a single premium payment of $578,345.00, will excite wonderment and surprise in the world of underwriting, and set the general public to thinking of the possibilities of life insurance as an investment.

The idea of a party with six hundred thousand dollars of spare cash on hand, putting it all into life insurance.

Why didn't they build houses or purchase stocks, or do a dozen other things with it? Life insurance for an investment! That's all very well, some people think, if you must do it. But here are five members of one family engaged in merchantile pursuits, fully alive to the value of every financial scheme of importance in this or any other country, who after examining every tempting investment, came to the conclusion that the safest, most profitable and altogether desirable one, is that offered by the MUTUAL LIFE.

Then think of the fact that all this money, far exceeding half a million dollars, is placed in the hands of the company without other security than its promise to pay. If that is'nt an evidence of confidence, what could be?

IT'S THE LARGEST, STRONGEST AND BEST LIFE INSURANCE COMPANY IN THE WORLD. Its assets are thirty millions greater than those of any other American Life Insurance company. Over eighty millions greater than those of any life office in Great Britain, and sixty millions greater than the entire funds of the bank of England, which is the largest banking institution in the world.

The Mutual Life Issues Every Desirable Form of Policy.

THE WORLD'S FAIR.

Meeting at Philadelphia to Arrange for Its Success.

PHILADELPHIA, Penn., July 15.—At 10 o'clock to-morrow in the Continental hotel, this city, a sub-committee of the permanent organization committee of the world's fair, is to meet and advise with those Philadelphians prominent in the centennial exposition as to the most feasable means of assuring the success of the world's fair in Chicago.

The meetings are to go on from day to day until all the information bearing on the subject that can be had here is obtained. When asked about the rumor that they had come here for financial aid Mr. McKenzie replied:

"The rumor that we have come here to enlist Philadelphia's capital in the fair, is untrue, our object in coming is purely and simply to get information that will be of value to the committee."

Adaptation.

"Have you ever thought," said young Mr. Lunkhead, just home from the university, "how the processes of evolution have adapted everything in nature and art with exquisite adjustment to everything else?"

"I do' know as I git hold 'f exactly what you're drivin' at," said his father.

"Well," said young Mr. Lunkhead, "I will illustrate the matter so as to bring it down to your comprehension. For instance, behold how admirably adapted one's legs are for wearing trousers. If we had but one leg, we should have to pin the extra trouser leg up on one side?"

"Sho! now, I never'd 'a' thought o' that."

"The same way, of course, with boots. If nature had provided us with only one foot, what a dreadful waste of shoe leather there would have been!"

"Sure enough."

"Yes, Take it all around us, now. How ridiculous all the bridges would have been, if nature hadn't provided the streams to run under them!"

The old man seemed lost in thought, and gazed at his son with a wondering expression, scratching his head meanwhile.

"And consider," young Mr. Lunkhead went on, "what an immense amount of good metal and jewels would have been absolutely wasted in rings if men and women had not been made with fingers to wear them."

The old gentleman was overcome with admiration.

"Ye see, now, Seraphina," he said, turning to his wife, "what it is to hev a college education!"—*Youth's Companion.*

Musical Bullfinches.

There is a little shoemaker on Dover street who trains bullfinches how to whistle tunes. He has about a dozen birds of his own, and with them are over thirty which he is now educating. He divides his birds into three classes—sentimental, patriotic and Irish. They are kept in different rooms, so that one class never hears the melodies taught to the others. The patriotic birds he keeps in his worshop, and to these he whistles "Yankee Doodle" all day long, keeping time with slips on his lapstand. In his living apartment he has about a dozen birds, which he calls his Irish brigade. These are learning to whistle "Killarney." Some of them are already proficient in the tune. Formerly he taught his "Irish" class either "St. Patrick's Day" or "The Harp That Once Through Tara's Halls." Of late he has abandoned both these airs and come down to "Killarney." Upstairs in his sleeping rooms are the sentimental birds, and all that these hear is "Annie Rooney." No other tune is allowed to reach their ears but the one they are going to learn.

"How long does it take a capable bullfinch to learn a tune so he can whistle it clear through?" asked a *Globe* reporter.

"Anywhere from two to six months, according to how much pains are taken with the birds."

"And how much do you get for giving the birds their musical training?"

"About $5 or $10, according to how much I think I can get."

"When a bullfinch has learned a tune will he remember it all his life?"

"You bet he will, and he will just whoop it up, too, every chance he can get."

DEMOCRATS, ATTENTION!

Your Attention is Directed to a Law Requiring Registration.

Section 13 of the new election law provides that certain parties must register at least three months before election, by appearing in *person* at county clerk's office, and there complying with the registration laws. The general election will be held November 4, 1890, hence all who are required to register, must do so before August 4, 1890. No costs to pay. The county pays the clerk. The following persons must register:

Any person, who, having been a resident of Indiana, shall have absented himself six months or more.

Any person who shall have gone into another state or county with intention of voting therein or who shall have voted therein.

Any person who has not been a bona fide resident of the state and of *the county* for at least six months before the election.

This last clause is very important as it applies to all who have moved into the county since May 4, 1890. The penalty for voting or attempting to vote without registration, when such is required, is from one to five years in state prison.

Great care must be taken so that persons do not violate the registration laws unwittingly. Committeemen, and active democrats generally, are hereby requested to see to it that all who are required to register before voting, especially those who have not lived in the county prior to May 4, 1890, shall be registered in the clerk's office on or before August 4, 1890.

A canvas of the several voting precincts by committeemen, and procuring the registration of all those voters who are included in the above classes, will result in saving many votes to the party.

Let all active democrats at once look about them and have the law fully complied with before August 4, 1890.

Chairman Pro Tem—Democratic Central Committee.

Secretary.

MORE PENSION CLERKS.

The House Debating the Bill for an Increased Clerical Force in the Pension Office.

WASHINGTON, July 15.—The house this morning, after routine business, went into committee of the whole on the bill appropriating $636,189 for additional clerical force of the pension office, after agreeing to a motion that the general debate be limited to two hours. Mr. Dockery, of Missouri, criticised the majority of the committee on appropriations for not reporting a bill making an appropriation to pay the pensions, which would be granted under the dependent pension bill and intimated that this failure was attributed to political reasons and the appropriation would not be made before the November elections.

Secretary Tracey this morning revoked the orders of the United States steamship, Essex, which was to have conveyed the remains of the late inventor, Erricsson, to Sweden. While much pressure was brought to bear upon him to send one of the new cruisers on this mission the secretary did not decide to revoke the orders of the Essex until last night and much surprise was expressed at the department this morning when the order was issued.

PARIS, July 15.—Mendelsohn, the Nihilist, denounces the faulty salary condition and the discomfort of the prisons of France which he says are inferior in these respects to those of Prussia. He, however, admits that kinder treatment is accorded prisoners by French magistrates and prison officials than is the case in Prussia.

AN OHIO WRECK.

Several Persons Killed Near Ashland' Ohio.

MANSFIELD, Ohio, July 15.—A bad wreck occurred on the New York, Pennsylvania and Ohio road about 11:40 o'clock to-day, one mile east of Ashland. The Chicago and St. Louis limited vestibule train, No. 5, ran into the rear of a freight. Reports as to the extent of the accident are conflicting, but it is believed several were killed and a number badly injured. Officials of the road here can give no definite information.

NO ONE KILLED.

Later—It is now definitely known that no one was killed. The engineer and fireman jumped, escaping with only slight injuries. None of the passengers were injured.

CHOLERA'S RAVAGES.

THE MONEY KINGS

Rejoice Over the Signing of the Silver Bill by the President.

NEW YORK, July 15.—This morning the market was higher on account of the signing of the silver bill. London operators cabled over orders to buy stocks in our market. Silver bullion certificates advanced to 1.09¦ per ounce and were actively traded in. Vice-president Thompson, of the Chase National bank, President W. H. St. John, of the Merchants National bank, and the others of the little clique on Wall street, which has been working tooth and nail for silver legislation, were happy and serene. They do not approve the bill, but think it the best compromise which could have been made. Bullion will be bought and certificates will be issued under the provisions of the bill on August 13.

The signing of the bill was hailed by the mining crowd at the consolidated stock and petroleum exchange with general joy. Saturday a forerunner of the passage of the bill was seen in a very unusual activity and excited bullish market, followed by a continued active market yesterday. Nearly 7,000 shares of various nursery stocks changed hands within the first hours of business before 11 o'clock this morning.

News from SanFrancisco is looked foreward to expectantly as it is thought the law will have a very considerable effect upon the Comstock's and other prominent western silver stocks.

HOMELESS PEOPLE

And Absolute Starvation Follows as a Result of the Fort La France Fire.

PORTLAND, Me., July 15.—J. H. Hamler & Son, of this city, have received a letter from their representative at St. Pierre Martinque, dated June 27, and giving later particulars of the great disaster at Fort la France. The fire began about 7:30 a. m, June 22, spread rapidly before a high wind and by the following morning had ravaged along the sea shore from the western side of the Savarrah to the Riviere Levassor. More than 1,700 buildings were destroyed and with the exception of a very small portion, the antique city of Fort La'rance is in ruins. Many people perished and twenty-five bodies have been recovered. Three quarters of the thickly populated area of the city is destroyed and seven-eights of the people, numbering from 6,000 to 7,000 are homeless. The demand made upon the charity of those who are spared has reduced them to almost the same state of destitution. Money must be had immediately or the distress at Fort LaFrance will come to absolute starvation.

Another Victim.

MINNEAPOLIS, July 15.—Another victim of the Lake Gervais cyclone died yesterday. It was Mrs. John Clark, whose home at Little Canada was wrecked. Her left arm was torn off and her lung exposed. She died in great agony. A sliver pierced her husband just above the heart and, though he hovers between life and death, it is thought he has a chance to recover. The house of Robert Baumgardner near by was also completely wrecked, but the family escaped by going into the cellar.

Went Over the Falls.

BUFFALO, N. Y., July 15.—The young man who jumped into the rapids and was carried over the Niagara Falls yesterday afternoon, has been definitely identified as Alex H. Weppert, aged twenty years, of this city. He was employed as driver of a laundry wagon and lived with his parents on High street. He ate dinner with the family yesterday and seemed to be in good spirits. He said nothing of going to the falls. No motive for the deed is known.

Miners Meet.

COLUMBUS, Ohio, July 15.—The national executive committee of the Mine Workers union of America in session here to-day decided to bring suits in behalf of the families of the men who lost their lives in the mine at Dunbar against the company for $10,000 in each case. They are this afternoon considering the Illinois strike question in executive session. It is practically certain a strike will be ordered.

Out On a Strike.

TRENTON, N. J., July 15.—Between 1,200 and 2,000 iron workers quit work in the New Jersey steel and iron mills, owned by Abraham S. Hewett, of New York City, because of the refusal of the firm to sign the Amalgamated iron works association scale of wages and recognize that labor organization.

'TWAS A HOOSIER ONE!

A Lively Tornado Strikes Terre Haute and Does Considerable Damage—Storms Elsewhere.

TERRE HAUTE, Ind., July 15.—About 7 o'clock last evening a terrific storm of wind and rain damaged a number of buildings besides leveling trees and fences. The wind unroofed a portion of Mayor's opera house, lightning struck the steeple of the German Methodist church and nearly demolished it. A number of residences were unroofed, but no one has yet been reported injured.

A report from Ellsworth, five miles north, states the strawboard trust's paper mill was partially unroofed and a portion of the walls blown down; damage not estimated. Lightning struck and set fire to several farm houses on the outskirts.

TWO RIVERS, Wis., July 15.—During a terrific thunder storm which passed over the city at noon yesterday, the steeple of the German Evangelical church was struck and completely ruined. Pieces therefrom were thrown several hundred feet. The church building was also damaged.

DESPERATE CRIMINAL

Resists Arrest and is Shot by the Sheriff.

ST. HELENA, Cal., July 15.—A man giving the name of Thos. Collins arrived here Saturday, driving two horses attached to a buggy. He attempted to dispose of the rig, but failed. It was subsequently learned that he had stolen the outfit. He left the city yesterday. Sheriff Howard at once went in pursuit. He overtook Collins at a place kept by T. H. Ink. Collins refused to surrender and attempted to run away, when Howard fired at him, wounding the fugitive in the ankle. Collins then emptied his shot-gun into Howard's breast, inflicting a probably fatal wound. Howard knocked Collins down, handcuffed him and then fainted from loss of blood. Ink brought both men to this place. Collins was subsequently removed to Napa for fear of being lynched.

LIBERALS WIN

In the School Election Held at Salt Lake City.

SALT LAKE CITY, July 15.—The liberals carried three and probably four of the precincts at the school election yesterday. This gives them a majority of the board of education as there are only five precincts in all. Mr. Dyer has resigned from the receivership of the Mormon church and has asked that his successor be appointed at once.

BROOKLYN, N. Y. July 15.—Dr. John Edwin Edsall, 40 years of age, of 125 High street, shot himself this morning in a fit of dispondency over financial losses in betting at race tracks. Miss Anna Nichols, aged twenty-three years, daughter of J. T. Nichols, of Riverside avenue, died at the St. Joe hospital, of heart disease. Funeral Thursday at 2 p. m.

CRIMINAL AND CIVIL.

The Watch Thieves Bound Over—A Man Ejected From His Own House—Court Cullings.

The police court this morning was a little out of the usual order of "plain drunks and vags." The first offender was F. Gibson, a dissipated fellow, who was arrested by Officer Romy for being helplessly drunk. He was sent to jail for eleven days, having no money to pay his fine. The next man called was John Hays (ficticious) who was arrested by Officer Tremmell for intoxication. "Hays" paid $10.30. Charles Reidmiller was then fined for assault and battery on his brother-in-law, Ed Pritchard.

John Plucy and Wm. Allen were rearraigned for attempting to steal a watch from James Buckles in Russell George's saloon a few days ago. Several witnesses testified against the prisoners and the mayor bound them over in the sum of $300 each.

Peter Koclinger was next arraigned for assault and battery on his wife. The woman appeared against him. She testified that her "man" came home "full" and began abusing her, and when she retaliated he struck her over the head with a broom handle, the force of the blow breaking the stick. It was shown that Peter "rushed the growler" more than he rushed into work, all of which caused the mayor to frown upon said Peter and cause him to be mulcted to the tune of $25 and costs or thirty-six days in jail. He went to jail.

JUSTICE COURTS.

One Albert Heckman has become notoriously conspicuous in several justice courts within the past twenty-four hours, no less than six affidavits having been filed against him. The circumstances of the difficulty are domestic in nature. Albert Heckman rented of J. D. Gumpper a house on Franklin avenue. A portion of the house Heckman sub-rented to Adam Ebert. For some cause Heckman had his tenant ejected, a constable setting the latter's goods into the street. To this the Ebert family strenuously objected and when the man of the law was out of sight, they replaced the effects in the house. Immediately afterward Ebert bought the property and was owner of all he surveyed within the boundary of a 50x150 lot, but Heckman, who still supposed himself master of the premises had the goods of the new owners again removed from the house Sunday evening last, this time by illegal means. This warfare has borne fruit in a number of suits filed in each of the justice courts against Heckman, the cases being both criminal and civil.

Justice France fined George Heckman $1 and costs for provoking Adam Ebert. Albert Heckman took a change of venue to Justice McDaniel, of Washington township, from France, on a charge of provoking Maria Ebert. He took a change of venue from Justice Hays on the charge of assault and battery on Maria Ebert and the case was sent to Justice Oliver Tustison, New Haven.

Other cases are filed against Heckman before Justices Ryan and Tancy. The defendant to this wholesale litigation will probably have an interesting time of it for some time.

ANOTHER ONE.

The Home Club Suffers Another Defeat in the Anderson Game.

Anderson again defeated the home club yesterday afternoon, making the sixth consecutive game that the home club could not get a mortgage on. The score was 9 to 5. Gallagher was in the box and Whalen, the new catcher from Grand Rapids, played his first game without an error. Whalen seems to be a good thrower and also a strong batter. Beeson, an alleged umpire, who may mean all right, but who is assuredly incompetent to umpire a league ball game, seemed to give our side the worst of it. The score was as follows:

LAKE BREEZES.

They are Enjoyed by Fort Wayne People at Clear Lake.

[Special to THE SENTINEL.]

CLEAR LAKE, Ind., July 14.

Mr. Theodore Thieme has completed his cottage and now occupies it with his sisters, Tillie and Leoni, and brothers Lipes and Hugh.

Some fine fish are being caught in the lake. Good bait, however, is scarce and a box of "fish worms" would be highly prized.

The young people have had some enjoyable dances in the hall of the Lake View hotel several evenings during the past week.

Four o'clock p. m. is the popular hour for bathing, and the beach is the scene of much sport and merriment at that hour.

Mr. H. D. Winch, wife and child and Miss Daisy Winch arrived here Saturday for a few days' stay.

The hotels are doing a large business, but Mr. Bisbee, the proprietor, is making every effort to make all comfortable.

Dr. M. F. Porter and family returned to Fort Wayne Monday, after a pleasant stay of ten days.

The Fort Wayne people here are largely in the majority. Mrs. A. Geismar and daughter and Mrs. Richardson are among the late arrivals.

Prof. C. T. Lane and family have enjoyed ten days of recreation and returned Monday.

The view from the hotels over the lake and beyond to the distant hills is beautiful and the steady breeze over the waters is cool and pleasant.

Mr. H. V. Root arrived Saturday evening to spend Sunday with his family at their pleasant cottage.

The following Fort Wayne people are now registered at the Grand View and Lake View hotels: Mrs. A. Geismar and children, Mrs. Richardson, Mrs. F. N. M. Thayer and sons, Arthur and Wade, Miss Blanche Hardendorf and cousin, Maud Hendricks, Mr. and Mrs. Joseph Rossell, wife and children, Miss Winnie Wilson, Mrs. W. Reichart and child and Winnie Hartman, Mr. V. Root and wife, Mr. H. V. Root and wife, Mr. and Mrs. C. T. Lane and family and niece, May Hall, Dr. M. F. Porter and family and niece, Emily Wilding, Wright Dodez, Misses Daisy and Fanny Winch, Mr. and Mrs. H. D. Winch and child, and Mr. and Mrs. C. H. Newton and family.

A number of the young people enjoyed a taffy pulling at the cozy cottage of T. F. Thieme last evening.

Mr. Wade Thayer performed a remarkable feat the other day, swimming from bath houses to Round Island, a distance of about two miles.

Everybody bathes. There is no limitation as to age either way. The toddling baby and gray beard alike enjoy the warm waters. Some of the lady bathers are learning to swim quite well.

WITH A RUSH!

County Clerk Kern Re-opens the Clerk's Office and the Summer's Legal Dullness is Dispelled.

Jacob J. Kern, the newly-appointed clerk of Allen county, who was chosen to serve the unexpired term of the late Dr. G. W. Long, returned from Indianapolis at an early hour this morning with his commission, and at 8 o'clock the doors of the clerk's office were thrown open for business.

Mr. Kern's first act was to appoint Michael J. Houlihan his chief deputy. Mr. Houlihan has been a very capable assistant in the office for a long time past. He is corteous and competent and the appointment is a deserving one. Mr. Kern will retain as his other deputies Harry Metzgar, of the circuit court; Ed. Twomey, of the superior court, and George Ward, assistant deputy in the office, each of whom have filled their positions in a faithful and capable manner. The closing of the clerk's office since the death of Dr. Long had the effect of accumulating court business in the hands of the attornies, and when the office was reopened this morning the rush of business was something overwhelming. The summer dullness was dispelled by a constant pressure of business demanding the clerk's attention. There were, too, a large number of documents filed, among which were the following:

CIRCUIT COURT.

The complaint avers that defendants wrongly or fraudulently assert interest in or claim upon premises of west half of the southeast quarter, section twenty-seven, township thirty north, range fifteen east, Allen county.

Samuel Kraiger enters suit against Joseph Emley, complaint in account, demanding $900. W. G. Colerick, attorney for the plaintiff. The action is to recover on board, of defendant and wife.

Anna M. Tous enters suit against Perry J. Tous for divorce on charge of abandonment, failure to provide and abusive treatment. The parties have not been living together since March, 1888. Bell & Morris, attorneys for plaintiff.

Eliza Dedolph enters suit against Wm. Dedolph for divorce and $1,000 alimony. The defendant is charged with being an habitual drunkard, failing to provide and being inhuman to his family. The plaintiff asks for the custody of six children, who range from three to seventeen years in age. W. P. Breen is attorney.

SUPERIOR COURT.

Conrad Bearer enters suit against Frederick Oetting, complaint to foreclose mechanic's lien, $75. Swayne & Doughman for plaintiff. The action is to recover for painting a house for defendant on lot No. 136, Eliza Hanna sr's addition, against which premises he holds said lien until bill for painting is paid.

John T. Phillips enters suit against James S. Barr and Henry Keller, complaint to foreclose mortgage and for judgment of $1,200. T. W. Wilson is attorney for plaintiff.

Augusta Wehret enters suit against Frederick W. Wehret, for divorce. Charge, failure to provide, etc. C. W. Kuhne, attorney for plaintiff.

THE MAN WITH NERVE

Is the One Who Steals Cedar Blocks by the Wagon Load.

The man with nerve is the man who will do things that would make a modest man or an honest man blush. The man with nerve is he who has been making it a nightly practice to steal and haul away in a wagon cedar blocks from some of the huge piles that are scattered along some of the thoroughfares to be paved. Contractor Talbot has noticed an unaccountable diminution in his supply of cedar, which has prompted him to engage watchmen to guard his property. He has been informed that on several occasions a man was seen to drive up to one of these piles about 3 o'clock in the morning, load his wagon and quietly steal away. There may be some startling prosecutions soon.

THE president has approved of the silver bill and it is now a law.

GEN. ALGER, of Michigan, is a full fledged republican presidential candidate.

PETER H. PERNOT has taken a reportorial position on the staff of the Indianapolis Sentinel.

THE republicans of Marion county will hold their county convention at Indianapolis next Saturday.

THE funeral of Gen. John C. Fremont will take place to-morrow morning at 10 o'clock in New York City.

SUPERINTENDENT JOHN G. BLAKE, of the feeble minded school, is entertaining the members of the state board of charities to-day.

THE president has sent to congress, with an endorsement of approval, Mr. Blaine's suggestions for the establishment of an International American Monetary Union.

A NUMBER of fish and angle worms fell in the streets of Crawfordsville on Saturday night during a storm. The fish were from two to four inches long, and many of them were eyeless.

THE Knights of Labor of Reading, Pa., have commenced a movement in favor of free text books in the public schools and will oppose candidates for office who do not agree with them on the question.

ABRAM S. HEWITT is seriously ill in Europe, and it is thought that he will not recover, as he has been failing for some time past. When he left for Europe he was under physicians' orders to take a long rest.

A CONTRACT has been signed which provides for an electric light plant at Columbia City. The city will be lighted by the arc lamp which the company promises to have in working order within two months.

THE address of Hon. Walpole G. Colerick, delivered at Lagrange, Ind., on the Fourth of July, is printed in full in the last issue of the Lagrange Democrat. It is one of the distinguished gentleman's brilliant efforts.

THE editorial war between C. G. Conn, of the Elkhart Truth, and E. D. Fuller, of the Elkhart Sunday Call, raging with bitterness ever since the Call was established, has resulted in Mr. Conn suing Mr. Fuller for libel, claiming $10,000 damages.

THE national democratic committee has taken hold of the North Dakota campaign. It is the intention to place this state, together with Montana, in the democratic column. There is a very general belief among the party managers that this can be accomplished.

MRS. CATHERINE SHARP, of Philadelphia, says that when she was twelve years old she sold milk to General Washington and his staff from her father's farm. She is now one hundred and twelve years old and her mental facilities are unclouded, though her veracity is probably a trifle palsied.

KNUTE NELSON, for three terms the congressman from the Fifth Minnesota district, has declined the proffer of the nomination for governor from the Farmers' Alliance. Mr. Nelson asserts that although he is a tariff reformer of a pronounced type, he is still a republican. The farmers are now advocating Gen. James H. Baker, of Mankato, who has always been a republican.

SHERIFF VIBERG and his deputies have been doing some pretty detective work in the cases of the recent burglaries which have been perpetrated in this city. They have hunted down the criminals in many cases and restored the stolen articles to the owners. In one case where jewelry, a gold-headed umbrella and a pair of opera glasses were taken the sheriff's deputies traced down the stolen articles, within a week after the robbery was committed, recovered them and now have the culprits in custody. This gang of criminals is composed of young fellows of fourteen years and upwards. They are case-hardened criminals and deserve severe punishment.

REPRESENTATIVE MILLS, of Texas, has been granted a month's leave of absence and is now on his way south. Before leaving Washington he expressed himself freely as to the course affairs have taken in the house, saying that the result would be an overwhelming democratic victory in the fall. "We shall carry the next house," said Mr. Mills, "election law or no election law. We shall gain in the north so greatly that we can not be counted out successfully. Of course the federal election scheme, with its paid election agents and its returning boards, will be an issue in the campaign. We are not going to let them obscure the tariff question, however; that will be fully discussed before the people, and we are steadily gaining everywhere on that issue."

EDITOR S. E. MOSES, of the Indianapolis Sentinel, while in the city was interviewed by one of our local newspapers on the political situation. In speaking of the probable democratic nominee for the presidency he said: "If the democratic candidate is called from the east his name will be Grover Cleveland. He is identified with tariff reforms and the best thought of the country. He is popular with the masses and enjoys the confidence of the country to a greater degree than any other man in public life to day. If Mr. Campbell is re-elected governor of Ohio he will impress himself favorably on the country, and it will be pretty hard to prevent him from storming the convention. Like Mr. Cleveland, he is an able man, a thorough democrat and a tariff reformer."

REV. W. M. VANSLYKE, pastor of Berry street M. E. church, has received from W. H. Vance, pastor of the church at Crete, Neb., a letter thanking him for the contributions sent to Rev. Dr. Marine, whose illness has been noted in these columns. He says concerning Dr. Marine's condition: "It would be difficult for me to tell you his exact condition; his case baffles the best physicians of the city. It is brain trouble of some kind, and he is entirely helpless, and hopeless; is unconscious all the time and exceedingly nervous. In fact, he is a mental and physical wreck. His constitution may keep him up for several months—he may die any time. A peculiar feature of his case is that, though he has been perfectly conscious at times since his first attack, everything connected with his life in Nebraska has faded from his mind. His friends in Lincoln have done a great deal for him, his lots are now paid for and about $800 on hand with which to build him a home. It is one of the saddest cases I have ever known, and is worthy of Christian sympathy and help."

Next Saturday evening Mr. and Mrs. Col. R. S. Robertson will tender their friends a reception at their residence, corner of Berry street and Broadway, previous to their departure for Salt Lake City, Utah, where the colonel is summoned on account of duties connected with the Utah commission, of which he is a member. After the colonel's return, his wife will remain there for some months with her son Nic, who is located there in the practice of law.

Levi Odell, near Rochester, who practiced the healing art for half a century, is dying of a rattlesnake bite.

REPORT OF SPECIAL COMMITTEE.

We your special committee appointed to consider and hear objections and complaints that might be offered by those interested in or feeling aggrieved by the report of the city civil engineer relating to the construction of a cedar block pavement and resetting of curbs on Harmer street, between Wayne and Jefferson streets and the facts therein contained and upon which report and estimate against the property is proposed to be made as authorized by law, respectfully report, that we did meet at the council chambers of the city of Fort Wayne on the 9th day of July, 1890, at 7:30 o'clock p. m., agreeable to the notice of such meeting which had been theretofore duly published. the committee found that the engineer's report omitted to include the contract price of resetting the curbs upon one side of said work from Wayne to Jefferson which amounts to $49.92, and which said omission we have corrected by properly apportioning the same according to law, making an increase of .0832 per foot.

No one offered any objections or complaints, your committee carefully considered said report the facts and the law relating thereto, and do now report that said estimate as herewith submitted is just, true and legal and do now recommend that said estimate be granted against the persons and property as set forth in said report for the respective sum and amount as therein shown. REPORT OF SPECIAL COMMITTEE.

We your special committee appointed to consider and hear objections and complaints, that might be offered by those interested in or feeling aggrieved by the report of the city civil engineer relating to the construction of a cedar block pavement and resetting of curbs on Harrison street, between Berry and Wayne streets, and the facts therein contained and upon which report, an estimate against the property is proposed to be made as authorized by law, respectfully report that we did meet at the council chambers of the city of Fort Wayne, on the 9th day of July, 1890, at 7:30 o'clock p. m., agreeable to the notice of such meeting which had been heretofore duly published.

No one offered any objections or complaints, your committee carefully considered said reports, the facts and the law relating thereto, and do now report that said estimate as herewith submitted, is just, true and legal and do now recommend that said estimate be granted against the persons and property as set forth in said report for the respective sum and amount as therein shown.

REPORT OF CITY CLERK.

I respectfully report that the assessor, Chas. Reese, has this 14th day of July, 1890, delivered to me the assessment of all property liable for taxation in the city of Fort Wayne for the year 1890, together with the affidavits as required by law.

I have also received from him all the statements of property which he has received from persons required to list the same, and herewith submit the same to your honorable body.
RUDY C. REINEWALD, City Clerk.

Received and filed.

REPORT OF THE ASSESSOR.

I herewith submit an abstract of the assessment of real estate and personal property for the year 1890, together with a comparison with the previous year, 1889:

	1889	1890	Increase	Decrease
No. of Female Dogs.	73	43		30
No. of Dogs.	1,061	1,090	31	
No. of Polls.	6,983	6,860	123	
Total Value of Taxables.	$19,978,040	$18,975,330		$802,710
Value of Pers'n'l Property	$4,449,170	$4,002,930		446,380
Value of Improvements.	$6,300,775	$5,840,738		460,135
Value of Lots and Lands.	$8,182,095	$8,078,390		43,705

The decrease in value of lots and lands is due to the non-assessment of several church properties which were formerly assessed. A reduction of $255,115 is claimed by the several owners of bank stock to offset their indebtedness.
CHAS. REESE, City Assessor.

Received and filed.

Resolved, That the committee on bridges be and they are hereby instructed to have the Clinton street bridge tightened and readjusted.
M. CODY.

In order to guard against results utterly subversive of health, it is absolutely essential that the grand thoroughfare or avenue of the system, the bowels, should be re-opened as speedily as possible when they become obstructed. If they are not, the bile is misdirected into the blood; the liver becomes torpid; viscid bilious matter gets into the stomach, and produces indigestion; headaches ensue, and other symptoms are produced which a prolongation of the exciting cause only tends to aggravate. The aperient properties of Hostetter's Stomach Bitters constitute a most useful agent in overcoming constipation of the bowels, and promoting a regular habit of body. It is infinitely superior to the drastic cathartics frequently used for the purpose, since it does not, like them, act violently, but produces a natural, painless effect, which does not impair the tone of the evacuatory organs, which it invigorates instead of weakening. The stomach and liver, also, indeed the entire system, is strengthened and regulated by it.

KING OF COCOAS--"ROYAL COCOA FACTORY."

Kings are but men, but all men are not kings. Therefore, when the *King of Holland* says, as he did by deed of August 12, 1889, that he is greatly pleased with

VAN HOUTEN'S COCOA,

"BEST & GOES FARTHEST,"

and, entirely unsolicited, grants the manufacturers the sole right of styling their works the Royal Cocoa Factory, a significance attaches to the act which would not were he not "every inch a king."

There's a corset that isn't a corset, a waist with straps for the shoulders and rows of buttons to button on skirts and stocking supporters and so forth—the Ball Waist—and that's about the whole of it. No; you can put it in the washtub—no metal in it or on it.

It is worth your seeing, if for nothing but how to sew on buttons to button easy and never come off, and how to make buttonholes wear forever

Women differ in their ways of thinking and dressing as well as in other ways. This waist is for women whose minds are made up that they won't wear corsets.

There's much to be said on both sides; but did you ever hear of a woman who hadn't made up her mind in *some* way? and is there any possible use in trying to get her to change it? She will, and she will; or she won't, and she won't.

You can get the Ball Waist and wear it a week or two or three; and, if you don't want it, take it back to the store and get your money.

LIFE'S HISTORY;

Its Smiles and Tears. Such is the course of life, made up of sunshine and gloom, gladness and sorrow, riches and poverty, health and disease. We may dispel the gloom, banish the sorrow and gain riches; but sickness will overtake us, sooner or later. Yet, happily, that enemy can be vanquished; pains and aches can be relieved; there is a balm for every wound, and science has placed it within the reach of all. There is no discovery that has proven so great a blessing as Dr. Tutt's Liver Pills. In malarial regions, where Fever and Ague, Bilious Diseases and ailments incident to deranged liver prevail, they have proven an inestimable boon, as a hundred thousand living witnesses testify.

Western railroads have sometimes hard work to keep their trains moving with regularity. During one of the snow storms of last winter in the Rocky Mountains ten locomotives were required to carry a train through a snow drift. The train was made up as follows: First a snow plow with nine engines behind it, then a train of nine cars with another five engines, and behind these five engines with a gang of men to dig out the train should it get stuck.

The Huntington Herald says: "Geo. W. Adams, the Wabash railroad fine man who was bound over to the Wabash circuit court by Mayor Crabil, of Wabash, on the charge of having put out the eye of a tramp who was stealing a ride behind the engine, by hitting the tramp with a piece of coal, was in the city, to-day, from Andrews. Mr. Adams says there is no shadow of truth in the charge, as he did not throw the coal, nor did he know there was a tramp passenger on the train. Mr. Adams is a man whose word is to be relied upon, and it is not probable the case will ever come to trial."

Col. John Lee has filed in the county records, a map of his new road, the New York, Fort Wayne and Chicago road, as it is projected through the county. It starts at the Ohio boundry and runs west directly along the lines between Maumee, Milan, St. Joe, Washington and Lake on the north, and Jackson, Jefferson, Adams, Wayne and Aboit on the south. The road crosses the Wabash line at Gaar Creek and crosses the Maumee at the Shugart and Groneaur farms. It comes in along the Catholic cemetery road, traverses Lakeside addition, crosses the St. Joe river this side of the Electric Light Power station and goes on west in a straight line just north of the Nickel Plate road and straight through Bloomingdale and the Brookside farm.

The Chicago Times says: "The attempt of the Fort Wayne Railway company to construct a picket fence along its tracks will be vigorously resisted by property owners and tenants along the right of way. Last Saturday afternoon, when the courts had closed and an injunction could not be secured restraining the company from working, a force of men appeared at Root street and Stewart avenue and proceeded to erect a fence. In less than an hour they had built about fifty feet, but they didn't build any more. The people tore down the work and the police department was called upon to stop all trouble. When the officer reached the ground they were met by defiant yells. One woman, more determined than the others, threatened to scald the first man who would turn a shovel of dirt at her door, claiming that the property did not belong to the railroad company. She showed such a willingness to carry out her threat that the workmen and police abandoned the place."

BEATS THE JONES TWINS.

A Surprising Freak of Nature Born at Winamac.

(Logansport Pharos.)

Mr. and Mrs. L. W. Hatfield, prominent people of Winamac, are the parents of a double child which is a stranger freak than the Jones twins. It is a pair of boy babies, whose aggregate weight is seven pounds. One child is perfect in every respect, while the second is without a head. Its lower limbs, body and left arm are perfect, but its left hand is without a little finger. Its right arm is merely a rudimentary growth of three inches, with a nail on the end of it, and resembles in appearance an index finger. Both children are well and hearty and seem to be growing and developing as one child. The attachment of the second child to the first is by a fleshy union at the upper and outer side of the umbillicus. Probably the greatest peculiarity is that both children subsist from nourishment taken by the perfect child. At the present time the parents absolutely refuse to allow any person to see the babies.

A MARVELOUS PREMIUM.

THE MUTUAL LIFE INSURANCE COMPANY,

OF NEW YORK, SECURES IT.

Nearly $600,000 Paid by Members of one Family for Insurance in the Mutual.—The Most Stupendous Transaction Known in the History of Insurance.—"It has Never Been Done Before; It Never Will Be Done Again."

No. 799. New York, Dec. 24, 1889.

BANK OF NEW YORK.
National Bankers Association.

Pay to the order of L. C. HOPKINS, Genl Executive Agent

Five hundred and Seventy Eight Thousand, Three Hundred and Forty Five ——— DOLLARS.

$578,345 00/100 — 29 DEC 28 1889.

CERTIFIED. Payable through New York Clearing House, N. B. A.

E. C. POTTER & CO.

—E. C. POTTER & CO.—

The above check was received by the Mutual Life Ins. Co. of New York, for Insurance effected upon the lives of five members of the illustrious Havemeyer family of the City of New York. The Policies selected were the 10 year guarantee contracts of the Mutual Life's with the annuity feature added. Each policy was for the sum of $100,000 and the insured chose to make but one payment, thus commuting the cost. The insurance covered by the above mentioned premium payment of $578,345.00 was upon the lives of Mr. Theo. A. Havemeyer, the well known Merchant of this City, and Four members of his family. Mr. Theo. Havemeyer, is the Austrian Counsel General and a Gentleman of wide influence and of great business sagacity. Mr. E. C. Potter, whose signature is appended to the check, is the son in-law of Mr. Havemeyer, and is one of the most prominent of bankers and brokers operating upon the stock exchange. There are two significant points for consideration in connection with this Insurance.

First, that the Messrs Havemeyer seeking a profitable and safe investment of a vast fund, selected Life Insurance as offering more advantages and greater security than any other form of investment. Second That they had such faith in the management and stability of the Mutual Life Insurance company of New York, that they willingly entrusted to its care nearly $600,000 in cash without any security whatever, and only the PROMISE of the company to pay.

The particulars of the life insurance contracted for by the family of Mr. Theo. A. Havemeyer, with the MUTUAL LIFE INSURANCE COMPANY, by which that institution received a single premium payment of $578,345.00, will excite wonderment and surprise in the world of underwriting, and set the general public to thinking of the possibilities of life insurance as an investment.

The idea of a party with six hundred thousand dollars of spare cash on hand, putting it all into life insurance.

Why didn't they build houses or purchase stocks, or do a dozen other things with it? Life insurance for an investment! That's all very well, some people think, if you must do it. But here are five members of one family engaged in merchantile pursuits, fully alive to the value of every financial scheme of importance in this or any other country, who after examining every tempting investment, came to the conclusion that the safest, most profitable and altogether desirable one, is that offered by the MUTUAL LIFE.

Then think of the fact that all this money, far exceeding half a million dollars, is placed in the hands of the company without other security than its promise to pay. If that is't an evidence of confidence, what could be?

IT'S THE LARGEST, STRONGEST AND BEST LIFE INSURANCE COMPANY IN THE WORLD. Its assets are thirty millions greater than those of any other American Life Insurance company. Over eighty millions greater than those of any life office in Great Britain, and sixty millions greater than the entire funds of the bank of England, which is the largest banking institution in the world.

The Mutual Life Issues Every Desirable Form of Policy.

THE WORLD'S FAIR.

Meeting at Philadelphia to Arrange for Its Success.

PHILADELPHIA, Penn., July 15.—At 10 o'clock to-morrow in the Continental hotel, this city, a sub-committee of the permanent organization committee of the world's fair, is to meet and advise with those Philadelphians prominent in the centennial exposition as to the most feasable means of assuring the success of the world's fair in Chicago.

The meetings are to go on from day to day until all the information bearing on the subject that can be had here is obtained. When asked about the rumor that they had come here for financial aid Mr. McKenzie replied:

"The rumor that we have come here to enlist Philadelphia's capital in the fair, is untrue, our object in coming is purely and simply to get information that will be of value to the committee."

Adaptation.

"Have you ever thought," said young Mr. Lunkhead, just home from the university, "how the processes of evolution have adapted everything in nature and art with exquisite adjustment to everything else?"

"I do' know as I git hold 'f exactly what you're drivin' at," said his father.

"Well," said young Mr. Lunkhead, "I will illustrate the matter so as to bring it down to your comprehension. For instance, behold how admirably adapted one's legs are for wearing trousers. If we had but one leg, we should have to pin the extra trouser leg up on one side?"

"Sho! now, I never'd 'a' thought o' that."

"The same way, of course, with boots. If nature had provided us with only one foot, what a dreadful waste of shoe leather there would have been!"

"Sure enough."

"Yes, Take it all around us, now. How ridiculous all the bridges would have been, if nature hadn't provided the streams to run under them!"

The old man seemed lost in thought, and gazed at his son with a wondering expression, scratching his head meanwhile.

"And consider," young Mr. Lunkhead went on, "what an immense amount of good metal and jewels would have been absolutely wasted in rings if men and women had not been made with fingers to wear them."

The old gentleman was overcome with admiration.

"Ye see, now, Seraphina," he said, turning to his wife, "what it is to hev a college education!"—*Youth's Companion.*

Musical Bullfinches.

There is a little shoemaker on Dover street who trains bullfinches how to whistle tunes. He has about a dozen birds of his own, and with them are over thirty which he is now educating. He divides his birds into three classes—sentimental, patriotic and Irish. They are kept in different rooms, so that one class never hears the melodies taught to the others. The patriotic birds he keeps in his worshop, and to these he whistles "Yankee Doodle" all day long, keeping time with slips on his lapstand. In his living apartment he has about a dozen birds, which he calls his Irish brigade. These are learning to whistle "Killarney." Some of them are already proficient in the tune. Formerly he taught his "Irish" class either "St. Patrick's Day" or "The Harp That Once Through Tara's Halls." Of late he has abandoned both these airs and come down to "Killarney." Upstairs in his sleeping rooms are the sentimental birds, and all that these hear is "Annie Rooney." No other tune is allowed to reach their ears but the one they are going to learn.

"How long does it take a capable bullfinch to learn a tune so he can whistle it clear through?" asked a *Globe* reporter.

"Anywhere from two to six months, according to how much pains are taken with the birds."

"And how much do you get for giving the birds their musical training?"

"About $5 or $10, according to how much I think I can get."

"When a bullfinch has learned a tune will he remember it all his life?"

"You bet he will, and he will just whoop it up, too, every chance he can get."

DEMOCRATS, ATTENTION!

Your Attention is Directed to a Law Requiring Registration.

Section 13 of the new election law provides that certain parties must register at least three months before election, by appearing in *person* at county clerk's office, and there complying with the registration laws. The general election will be held November 4, 1890, hence all who are required to register, must do so before August 4, 1890. No costs to pay. The county pays the clerk. The following persons must register:

Any person, who, having been a resident of Indiana, shall have absented himself six months or more.

Any person who shall have gone into another state or county with intention of voting therein or who shall have voted therein.

Any person who has not been a bona fide resident of the state and of *the county* for at least six months before the election.

This last clause is very important as it applies to all who have moved into the county since May 4, 1890. The penalty for voting or attempting to vote without registration, when such is required, is from one to five years in state prison.

Great care must be taken so that persons do not violate the registration laws unwittingly. Committeemen, and active democrats generally, are hereby requested to see to it that all who are required to register before voting, especially those who have not lived in the county prior to May 4, 1890, shall be registered in the clerk's office on or before August 4, 1890.

A canvas of the several voting precincts by committeemen, and procuring the registration of all those voters who are included in the above classes, will result in saving many votes to the party.

Let all active democrats at once look about them and have the law fully complied with before August 4, 1890.

O. M. DAWSON,
Chairman Pro Tem—Democratic Central Committee.
W. W. ROCKHILL,
Secretary.

MORE PENSION CLERKS.

The House Debating the Bill for an Increased Clerical Force in the Pension Office.

WASHINGTON, July 15.—The house this morning, after routine business, went into committee of the whole on the bill appropriating $636,189 for additional clerical force of the pension office, after agreeing to a motion that the general debate be limited to two hours. Mr. Dockery, of Missouri, criticised the majority of the committee on appropriations for not reporting a bill making an appropriation to pay the pensions, which would be granted under the dependent pension bill and intimated that this failure was attributed to political reasons and the appropriation would not be made before the November elections.

Secretary Tracy this morning revoked the orders of the United States steamship, Essex, which was to have conveyed the remains of the late inventor, Ericsson, to Sweden. While much pressure was brought to bear upon him to send one of the new cruisers on this mission the secretary did not decide to revoke the orders of the Essex until last night and much surprise was expressed at the department this morning when the order was issued.

AN OHIO WRECK.

Several Persons Killed Near Ashland Ohio.

MANSFIELD, Ohio, July 15.—A bad wreck occurred on the New York, Pennsylvania and Ohio road about 11:40 o'clock to-day, one mile east of Ashland. The Chicago and St. Louis limited vestibule train, No. 5, ran into the rear of a freight. Reports as to the extent of the accident are conflicting, but it is believed several were killed and a number badly injured. Officials of the road here can give no definite information.

NO ONE KILLED.

Later—It is now definitely known that no one was killed. The engineer and fireman jumped, escaping with only slight injuries. None of the passengers were injured.

THE MONEY KINGS

Rejoice Over the Signing of the Silver Bill by the President.

NEW YORK, July 15.—This morning the market was higher on account of the signing of the silver bill. London operators cabled over orders to buy stocks in our market. Silver bullion certificates advanced to 1.09½ per ounce and were actively traded in. Vice-president Thompson, of the Chase National bank, President W. H. St. John, of the Merchants National bank, and the others of the little clique on Wall street, which has been working tooth and nail for silver legislation, were happy and serene. They do not approve the bill, but think it the best compromise which could have been made. Bullion will be bought and certificates will be issued under the provisions of the bill on August 13.

The signing of the bill was hailed by the mining crowd at the consolidated stock and petroleum exchange with general joy. Saturday a forerunner of the passage of the bill was seen in a very unusual activity and excited bullish market, followed by a continued active market yesterday. Nearly 7,000 shares of various nursery stocks changed hands within the first hours of business before 11 o'clock this morning.

News from San Francisco is looked foreward to expectantly as it is thought the law will have a very considerable effect upon the Comstock's and other prominent western silver stocks.

HOMELESS PEOPLE

And Absolute Starvation Follows as a Result of the Fort La France Fire.

PORTLAND, Me., July 15.—J. H. Hawler & Son, of this city, have received a letter from their representative at St. Pierre Martinique, dated June 27, and giving later particulars of the great disaster at Fort la France. The fire began about 7:30 a. m, June 22, spread rapidly before a high wind and by the following morning had ravaged along the sea shore from the western side of the Savarrah to the Riviere Lavasser. More than 1,700 buildings were destroyed and with the exception of a very small portion, the antique city of Fort LaFrance is in ruins. Many people perished and twenty-five bodies have been recovered. Three quarters of the thickly populated area of the city is destroyed and seven-eighths of the people, numbering from 6,000 to 7,000 are homeless. The demand made upon the charity of those who are spared has reduced them to almost the same state of destitution. Money must be had immediately or the distress at Fort LaFrance will come to absolute starvation.

Another Victim.

MINNEAPOLIS, July 15.—Another victim of the Lake Gervais cyclone died yesterday. It was Mrs. John Clark, whose home at Little Canada was wrecked. Her left arm was torn off and her lung exposed. She died in great agony. A silver pierced her husband just above the heart and, though he hovers between life and death, it is thought he has a chance to recover. The house of Robert Baumgardner near by was also completely wrecked, but the family escaped by going into the cellar.

Went Over the Falls.

BUFFALO, N. Y., July 15.—The young man who jumped into the rapids and was carried over the Niagara Falls yesterday afternoon, has been definitely identified as Alex H. Wepport, aged twenty years, of this city. He was employed as driver of a laundry wagon and lived with his parents on High street. He ate dinner with the family yesterday and seemed to be in good spirits. He said nothing of going to the falls. No motive for the deed is known.

Miners Meet.

COLUMBUS, Ohio, July 15.—The national executive committee of the Miner Workers union of America in session here to-day decided to bring suits in behalf of the families of the men who lost their lives in the mine at Dunbar against the company for $10,000 in each case. They are this afternoon considering the Illinois strike question in executive session. It is practically certain a strike will be ordered.

Out On a Strike.

TRENTON, N. J., July 15.—Between 1,200 and 2,000 iron workers quit work in the New Jersey steel and iron mills, owned by Abraham S. Hewett, of New York City, because of the refusal of the firm to sign the Amalgamated iron works association scale of wages and recognize that labor organization.

'TWAS A HOOSIER ONE!

A Lively Tornado Strikes Terre Haute and Does Considerable Damage—Storms Elsewhere.

TERRE HAUTE, Ind., July 15.—About 7 o'clock last evening a terrific storm of wind and rain damaged a number of buildings besides leveling trees and fences. The wind uncovered a portion of Mayor's opera house, lightning struck the steeple of the German Methodist church and nearly demolished it. A number of residences were unroofed, but no one has yet been reported injured.

A report from Ellsworth, five miles north, states the strawboard trust's paper mill was partially unroofed and a portion of the walls blown down; damage not estimated. Lightning struck and set fire to several farm houses on the outskirts.

TWO RIVERS, Wis., July 15.—During a terrific thunder storm which passed over the city at noon yesterday, the steeple of the German Evangelical church was struck and completely ruined. Pieces therefrom were thrown several hundred feet. The church building was also damaged.

PONTIAC, Ill., July 15.—A heavy wind and rain storm passed over this section about 5 o'clock last evening. Trees were blown down and corn and oats are flat on the ground.

DESPERATE CRIMINAL

Resists Arrest and is Shot by the Sheriff.

ST. HELENA, Cal., July 15.—A man giving the name of Thos. Collins arrived here Saturday, driving two horses attached to a buggy. He attempted to dispose of the rig, but failed. It was subsequently learned that he had stolen the outfit. He left the city yesterday. Sheriff Howard at once went in pursuit. He overtook Collins at a place kept by T. H. Ink. Collins refused to surrender and attempted to run away, when Howard fired at him, wounding the fugitive in the ankle. Collins then emptied his shot-gun into Howard's breast, inflicting a probably fatal wound. Howard knocked Collins down, fatally shot him and then fainted from loss of blood. Ink brought both men to this place. Collins was subsequently removed to Napa for fear of being lynched.

LIBERALS WIN

In the School Election Held at Salt Lake City.

SALT LAKE CITY, July 15.—The liberals carried three and probably four of the precincts at the school election yesterday. This gives them a majority of the board of education as there are only five precincts in all. Mr. Dyer has resigned from the receivership of the Mormon church and has asked that his successor be appointed at once.

Bet on Horse Races.

BROOKLYN, N. Y., July 15.—Dr. John Edwin Edsall, 40 years of age, of 125 High street, shot himself this morning in a fit of dispondency over financial losses in betting at race tracks. Physicians here announce the wound of fatal character. Dr. Edsall who has a wife and 15 year old son has had a fair practice for some years past.

Killed on Duty.

ROCHESTER, N. Y., July 15.—A West Shore freight train ran into a freight train on the W. N. Y. & P., at 2:15 this morning. The engineer was instantly killed and the fireman received injuries from which he died at the city hospital here at 9 o'clock. The engines were badly wrecked.

PORTSMOUTH, N. H., July 15.—The yacht Marie, of South Boston, from Rye Beach to Pigeon Cove struck a rock last night and was sunk. The crew of four got into the tender which was swamped several times and three of them were drowned.

New Man of War.

SAN FRANCISCO, Cal., July 15.—The new man of war, San Francisco, will be docked to-day for the purpose of having her bonn scraped and her propellers attached. Next week preliminary trips will be made by the vessel to test her speed and machinery.

Miss Anna Nichols, aged twenty-three years, daughter of J. T. Nichols, of Riversido avenue, died at the St. Joe hospital, of heart disease. Funeral Thursday at 2 p. m.

CRIMINAL AND CIVIL.

The Watch Thieves Bound Over.—A Man Ejected From His Own House.—Court Callings.

The police court this morning was a little out of the usual order of "plain drunks and vags." The first offender was F. Gibson, a dissipated fellow, who was arrested by Officer Romy for being helplessly drunk. He was sent to jail for eleven days, having no money to pay his fine. The next man called was John Hays (ficticious) who was arrested by Officer Trommell for intoxication. "Hays" paid $10.50. Charles Reidmiller was then fined for assault and battery on his brother-in-law, Ed Pritchard.

John Piney and Wm. Allen were rearraigned for attempting to steal a watch from James Buckles in Russell George's saloon a few days ago. Several witnesses testified against the prisoners and the mayor bound them over in the sum of $300 each.

Peter Koelinger was next arraigned for assault and battery on his wife. The woman appeared against him. She testified that her "man" came home "full" and began abusing her, and when she retaliated he struck her over the head with a broom handle, the force of the blow breaking the stick. It was shown that Peter "rushed the growler" more than he rushed into work, all of which caused the mayor to frown upon said Peter and cause him to be mulcted to the tune of $25 and costs or thirty-six days in jail. He went to jail.

JUSTICE COURTS.

One Albert Heckman has become notoriously conspicuous in several justice courts within the past twenty-four hours, no less than six affidavits having been filed against him. The circumstances of the difficulty are domestic in nature. Albert Heckman rented of J. D. Gumpper a house on Franklin avenue. A portion of the house Heckman sub-rented to Adam Ebert. For some cause Heckman had his tenant ejected, a constable setting the latter's goods into the street. To this the Ebert family strenuously objected and when the man of the law was out of sight, they replaced the effects in the house. Immediately afterward Ebert bought the property and was owner of all he surveyed within the boundary of a 50x150 lot, but Heckman, who still supposed himself master of the premises had the goods of the new owner again removed from the house Sunday evening last, this time by illegal means. This warfare has borne fruit in a number of suits filed in each of the justice courts against Heckman, the cases being both criminal and civil.

Justice Franco fined George Heckman $1 and costs for provoking Adam Ebert. Albert Heckman took a change of venue to Justice McDaniel, of Washington township, from France, on a charge of provoking Maria Ebert. He took a change of venue from Justice Hays on the charge of assault and battery on Maria Ebert and the case was sent to Justice Oliver Tustison, New Haven.

Other cases are filed against Heckman before Justices Ryan and Taney. The defendant to this wholesale litigation will probably have an interesting time of it for some time.

ANOTHER ONE.

The Home Club Suffers Another Defeat in the Anderson Game.

Anderson again defeated the home club yesterday afternoon, making the sixth consecutive game that the home club could not get a mortgage on. The score was 9 to 5. Gallagher was in the box and Whalen, the new catcher from Grand Rapids, played his first game without an error. Whalen seems to be a good thrower and also a strong batter. Beesou, an alleged umpire, who may mean all right, but who is assuredly incompetent to umpire a league ball game, seemed to give one side the worst of it. The score was as follows:

LAKE BREEZES.

They are Enjoyed by Fort Wayne People at Clear Lake.

[Special to THE SENTINEL.]

CLEAR LAKE, Ind., July 14.

Mr. Theodore Thieme has completed his cottage and now occupies it with his sisters, Tillie and Leoni, and brothers Lipus and Hugh.

Some fine fish are being caught in the lake. Good bait, however, is scarce and a box of "fish worms" would be highly prized.

The young people have had some enjoyable dances in the hall of the Lake View hotel several evenings during the past week.

Four o'clock p. m. is the popular hour for bathing, and the beach is the scene of much sport and merriment at that hour.

Mr. H. D. Winch, wife and child and Miss Daisy Winch arrived here Saturday for a few days' stay.

The hotels are doing a large business, but Mr. Bisbee, the proprietor, is making every effort to make all comfortable.

Dr. M. F. Porter and family returned to Fort Wayne Monday, after a pleasant stay of ten days.

The Fort Wayne people here are largely in the majority. Mrs. A. Geismar and daughter and Mrs. Richardson are among the late arrivals.

Prof. C. T. Lane and family have enjoyed ten days of recreation and returned Monday.

The view from the hotels over the lake and beyond to the distant hills is beautiful and the steady breeze over the waters is cool and pleasant.

Mr. H. V. Root arrived Saturday evening to spend Sunday with his family at their pleasant cottage.

The following Fort Wayne people are now registered at the Grand View and Lake View hotels: Mrs. A. Geismar and children, Mrs. Richardson, Mrs. F. N. M. Thayer and sons, Arthur and Wade, Miss Blanche Hardendorf and cousin, Maud Hendricks, Mr. and Mrs. Joseph Rossell, wife and children, Miss Winnie Wilson, Mrs. W. Reichart and child and Winnie Hartman, Mr. V. Root and wife, Mr. H. V. Root and wife, Mr. and Mrs. C. T. Lane and family and niece, May Hall, Dr. M. F. Porter and family and niece, Emily Wilding, Wright Dodge, Misses Daisy and Fanny Winch, Mr. and Mrs. H. D. Winch and child, and Mr. and Mrs. C. H. Newton and family.

A number of the young people enjoyed a tally pulling at the cozy cottage of T. F. Thieme last evening.

Mr. Wade Thayer performed a remarkable feat the other day, swimming from bath houses to Round Island, a distance of about two miles.

Everybody bathes. There is no limitation as to age either way. The toddling baby and gray beard alike enjoy the warm waters. Some of the lady bathers are learning to swim quite well.

WITH A RUSH!

County Clerk Kern Re-opens the Clerk's Office and the Summer's Legal Business is Dispelled.

Jacob J. Kern, the newly-appointed clerk of Allen county, who was chosen to serve the unexpired term of the late Dr. G. W. Long, returned from Indianapolis at an early hour this morning with his commission, and at 8 o'clock the doors of the clerk's office were thrown open for business.

Mr. Kern's first act was to appoint Michael J. Houlihan his chief deputy. Mr. Houlihan has been a very capable assistant in the office for a long time past. He is courteous and competent and the appointment is a deserving one. Mr. Kern will retain as his other deputies Harry Metzgar, of the circuit court; Ed. Twomey, of the superior court, and George Ward, assistant deputy in the office, each of whom have filled their positions in a faithful and capable manner. The closing of the clerk's office since the death of Dr. Long had the effect of accumulating court business in the hands of the attornies, and when the office was reopened this morning the rush of business was something overwhelming. The summer dullness was dispelled by a constant pressure of business demanding the clerk's attention. There were, too, a large number of documents filed, among which were the following:

CIRCUIT COURT.

The guardian's current report in the matter of the guardianship of Mary E. Sawers, minor heir of Andrew Sawers, deceased, has been filed with County Clerk Kern, John F. Rodabaugh, attorney.

Henry M. Williams enters suit against Loe McMullen, if living, or if dead, against the unknown heirs of Loe McMullen, deceased, to quiet title. George D. Crane is attorney for the plaintiff. The complaint avers that defendants wrongly or fraudulently assert interest in or claim upon premises of west half of the southeast quarter, section twenty-seven, township thirty north, range fifteen east, Allen county.

Samuel Krniger enters suit against Joseph Emley, complaint in account, demanding $900. W. G. Colerick, attorney for the plaintiff. The action is to recover on board, of defendant and wife.

Anna M. Tons enters suit against Perry J. Tons for divorce on charge of abandonment, failure to provide and abusive treatment. The parties have not been living together since March, 1888. Bell & Morris, attorneys for plaintiff.

Eliza Dodolph enters suit against Wm. Dodolph for divorce and $1,000 alimony. The defendant is charged with being an habitual drunkard, failing to provide and being inhuman to his family. The plaintiff asks for the custody of six children, who range from three to seventeen years in age. W. P. Breen is attorney.

SUPERIOR COURT.

Conrad Beuter enters suit against Frederick Oetting, complaint to foreclose mechanic's lien, $75. Swayne & Doughman for plaintiff. The action is to recover for painting a house for defendant on lot No. 136, Eliza Hanna er's addition, against which promises he holds said lien until bill for painting is paid.

John T. Phillips enters suit against James S. Barr and Henry Keller, complaint to foreclose mortgage and for judgment of $1,200. T. W. Wilson is attorney for plaintiff.

Augusta Wehrot enters suit against Frederick W. Wehrot, for divorce. Charge, failure to provide, etc. C. W. Kuhne, attorney for plaintiff.

THE MAN WITH NERVE

Is the One Who Steals Cedar Blocks by the Wagon Load.

The man with nerve is the man who will do things that would make a modest man or an honest man blush. The man with nerve is he who has been making it a nightly practice to steal and haul away in a wagon cedar blocks from some of the huge piles that are scattered along some of the thoroughfares to be paved. Contractor Talbot has noticed an unaccountable diminution in his supply of cedar, which has prompted him to engage watchmen to guard his property. He has been informed that on several occasions a man was seen to drive up to one of these piles about 3 o'clock in the morning, haul his wagon and quietly steal away. There may be some startling prosecutions soon.

THE president has approved of the silver bill and it is now a law.

GEN. ALGER, of Michigan, is a full fledged republican presidential candidate.

PETER H. PERROT has taken a reportorial position on the staff of the Indianapolis Sentinel.

THE republicans of Marion county will hold their county convention at Indianapolis next Saturday.

THE funeral of Gen. John C. Fremont will take place to-morrow morning at 10 o'clock in New York City.

SUPERINTENDENT JOHN G. BLAKE, of the feeble minded school, is entertaining the members of the state board of charities to-day.

THE president has sent to congress, with an endorsement of approval, Mr. Blaine's suggestions for the establishment of an International American Monetary Union.

A NUMBER of fish and angle worms fell in the streets of Crawfordsville on Saturday night during a storm. The fish were from two to four inches long, and many of them were eyeless.

THE Knights of Labor of Reading, Pa., have commenced a movement in favor of free text books in the public schools and will oppose candidates for office who do not agree with them on the question.

ABRAM S. HEWITT is seriously ill in Europe, and it is thought that he will not recover, as he has been failing for some time past. When he left for Europe he was under physicians' orders to take a long rest.

A CONTRACT has been signed which provides for an electric light plant at Columbia City. The city will be lighted by the arc lamp which the company promises to have in working order within two months.

THE address of Hon. Walpole G. Colerick, delivered at Lagrange, Ind., on the Fourth of July, is printed in full in the last issue of the Lagrange Democrat. It is one of the distinguished gentleman's brilliant efforts.

THE editorial war between C. G. Conn, of the Elkhart Truth, and E. D. Fuller, of the Elkhart Sunday Call, raging with bitterness ever since the Call was established, has resulted in Mr. Conn suing Mr. Fuller for libel, claiming $10,000 damages.

THE national democratic committee has taken hold of the North Dakota campaign. It is the intention to place this state, together with Montana, in the democratic column. There is a very general belief among the party managers that this can be accomplished.

MRS. CATHERINE SHARP, of Philadelphia, says that when she was twelve years old she sold milk to General Washington and his staff from her father's farm. She is now one hundred and twelve years old and her mental faculties are unclouded, though her veracity is probably a trifle palsied.

KNUTE NELSON, for three terms the congressman from the Fifth Minnesota district, has declined the proffer of the nomination for governor from the Farmers' Alliance. Mr. Nelson asserts that although he is a tariff reformer of a pronounced type, he is still a republican. The farmers are now advocating Gen. James H. Baker, of Mankato, who has always been a republican.

SHERIFF VIBERG and his deputies have been doing some pretty detective work in the cases of the recent burglaries which have been perpetrated in this city. They have hunted down the criminals in many cases and restored the stolen articles to the owners. In one case where jewelry, a gold-headed umbrella and a pair of opera glasses were taken the sheriff's deputies traced down the stolen articles, within a week after the robbery was committed, recovered them and now have the culprits in custody. This gang of criminals is composed of young fellows of fourteen years and upwards. They are case-hardened criminals and deserve severe punishment.

REPRESENTATIVE MILLS, of Texas, has been granted a month's leave of absence and is now on his way south. Before leaving Washington he expressed himself freely as to the course affairs have taken in the house, saying that the result would be an overwhelming democratic victory in the fall. "We shall carry the next house," said Mr. Mills, "election law or no election law. We shall gain in the north so greatly that we can not be counted out successfully. Of course the federal election scheme, with its paid election agents and its returning boards, will be an issue in the campaign. We are not going to let them obscure the tariff question, however; that will be fully discussed before the people, and we are steadily gaining every where on that issue."

EDITOR S. E. MOSES, of the Indianapolis Sentinel, while in the city was interviewed by one of our local newspapers on the political situation. In speaking of the probable democratic nominee for the presidency he said: "If the democratic candidate is called from the east his name will be Grover Cleveland. He is identified with tariff reforms and the best thought of the country. He is popular with the masses and enjoys the confidence of the country to a greater degree than any other man in public life to-day. If Mr. Campbell is re-elected governor of Ohio he will impress himself favorably on the country, and it will be pretty hard to prevent him from storming the convention. Like Mr. Cleveland, he is an able man, a thorough democrat and a tariff reformer."

REV. W. M. VANSETZER, pastor of Berry street M. E. church, has received from W. H. Vance, pastor of the church at Crete, Neb., a letter thanking him for the contributions sent to Rev. Dr. Marine, whose illness has been noted in these columns. He says concerning Dr. Marine's condition: "It would be difficult for me to tell you his exact condition; his case baffles the best physicians of the city. It is brain trouble of some kind, and he is entirely helpless, and hopeless; is unconscious all the time and exceedingly nervous. In fact, he is a mental and physical wreck. His constitution may keep him up for several months—he may die any time. A peculiar feature of his case is that, though he has been perfectly conscious at times since his first attack, everything connected with his life in Nebraska has faded from his mind. His friends in Lincoln have done a great deal for him, his lots are now paid for and about $800 on hand with which to build him a home. It is one of the saddest cases I have ever known, and is worthy of Christian sympathy and help."

Next Saturday evening Mr. and Mrs. Col. R. S. Robertson will tender their friends a reception at their residence, corner of Berry street and Broadway, previous to their departure for Salt Lake City, Utah, where the colonel is summoned on account of duties connected with the Utah commission, of which he is a member. After the colonel's return, his wife will remain there for some months with her son Nic, who is located there in the practice of law.

Levi Odell, near Rochester, who practiced the healing art for half a century, is dying of a rattlesnake bite.

In order to guard against results utterly subversive of health, it is absolutely essential that the grand purgatives or evacuants of the system, the bowels, should be re-opened as speedily as possible when they become obstructed or inactive, for if they are not the bile is misdirected into the blood; the liver becomes torpid; vitiated bilifious matter goes into the stomach, and produces indigestion; headache ensues, and other symptoms are produced, which a prolongation of the exciting cause only tends to aggravate. The spotless properties of Hostetter's Stomach Bitters constitute a most useful agent in overcoming constriction of the bowels and promoting a regular habit of body. It is hardly surpassed as a remedy for dyspepsia frequently used for the purpose, since it does not, like harm, act violently, but produces a natural, painless effect, which does not impair the tone of the evacuatory organs, which it invigorates instead of weakening. The stomach and liver, also, indeed the entire system, is strengthened and regulated by it.

Royal Baking Powder

ABSOLUTELY PURE

KING OF COCOAS--"ROYAL COCOA FACTORY."

Kings are but men, but all men are not kings. Therefore, when the *King of Holland* says, as he did by deed of August 12, 1889, that he is greatly pleased with

VAN HOUTEN'S COCOA,

"BEST & GOES FARTHEST,"

and, entirely unsolicited, grants the manufacturers the sole right of styling their works the Royal Cocoa Factory, a significance attaches to the act which would not were he not "every inch a king."

There's a corset that isn't a corset, a waist with straps for the shoulders and rows of buttons to button on skirts and stocking supporters and so forth—the Ball Waist—and that's about the whole of it. No; you can put it in the washtub—no metal in it or on it.

It is worth your seeing, if for nothing but how to sew on buttons to button easy and never come off, and how to make buttonholes wear forever

Women differ in their ways of thinking and dressing as well as in other ways. This waist is for women whose minds are made up that they won't wear corsets.

There's much to be said on both sides; but did you ever hear of a woman who hadn't made up her mind in *some* way? and is there any possible use in trying to get her to change it? She will and she will; or she won't and she won't.

You can get the Ball Waist and wear it a week or two or three; and, if you don't want it, take it back to the store and get your money.

LIFE'S HISTORY;

Its Smiles and Tears. Such is the course of life, made up of sunshine and gloom, gladness and sorrow, sickness and health, health and disease. We may shape the former, but the latter we cannot guide either for ourselves or others. We will overtake us, sooner or later. Yet, happily, that enemy can be vanquished; pain and sickness can be relieved; there is a balm for every wound, and science has placed it within the reach of all. Thereis no discovery that has proven so great a blessing as Dr. Tutt's Liver Pills. In malarial regions, where Fever and Ague, Bilious Diseases and ailments incident to a deranged liver prevail, they have proven an inestimable boon, as a hundred testimonials during a season testify.

Western railroads have sometimes hard work to keep their trains moving with regularity. During one of the snow storms of last winter in the Rocky Mountains ten locomotives were required to carry a train through a snow drift. The train was made up as follows: First a snow plow with nine engines behind it, then a train of nine cars with another five engines, and behind these five engines with a gang of men to dig out the train should it get stuck.

The Huntington Herald says: "Geo. W. Adams, the Wabash railroad fireman who was bound over to the Wabash circuit court by Mayor Crabill, of Wabash, on the charge of having put out the eye of a tramp who was stealing a ride behind the engine, by hitting the tramp with a piece of coal, was in the city, to-day, from Andrews, Mr. Adams says there is no shadow of truth in the charge, as he did not throw the coal, nor did he know there was a tramp passenger on the train. Mr. Adams is a man whose word is to be relied upon, and it is not probable the case will ever come to trial."

Col. John Lee has filed in the county records, a map of his new road, the New York, Fort Wayne and Chicago road, as it is projected through the county. It starts at the Ohio boundry and runs west directly along the lines between Maumee, Milan, St. Joe, Washington and Lake on the north, and Jackson, Jefferson, Adams, Wayne and Aboit on the south. The road crosses the Wabash line at Clear Creek and crosses the Maumee at the Shugart and Groneaur farms. It comes in along the Catholic cemetery road, traverses Lakeside addition, crosses the St. Joe river this side of the Electric Light Power station and goes on west in a straight line just north of the Nickel Plate road and straight through Bloomingdale and the Brookside farm.

The Chicago Times says: "The attempt of the Fort Wayne Railway company to construct a picket fence along its tracks will be vigorously resisted by property owners and tenants along the right of way. Last Saturday afternoon, when the courts had closed and an injunction could not be secured restraining the company from working, a force of men appeared at Root street and Stewart avenue and proceeded to erect a fence. In less than an hour they had built about fifty feet, but they didn't build any more. The people tore down the work and the police department was called upon to stop all trouble. When the officer reached the ground they were met by defiant yells. One woman, more determined than the others, threatened to scald the first man who would turn a shovel of dirt at her door, claiming that the property did not belong to the railroad company. She showed such a willingness to carry out her threat that the workmen and police abandoned the place."

BEATS THE JONES TWINS.

A Surprising Freak of Nature Born at Winamac.

(Logansport Pharos.)

Mr. and Mrs. L. W. Hatfield, prominent people of Winamac, are the parents of a double child which is a stranger freak than the Jones twins. It is a pair of boy babies, whose aggregate weight is seven pounds. One child is perfect in every respect, while the second is without a head. Its lower limbs, body and left arm are perfect, but its left hand is without a little finger. Its right arm is merely a rudimentary growth of three inches, with a nail on the end of it, and resembles in appearance an index finger. Both children are well and hearty and seem to be growing and developing as one child. The attachment of the second child to the first is by a fleshy union at the upper and outer side of the umbilicus. Probably the greatest peculiarity is that both children subsist from nourishment taken by the perfect child. At the present time the parents absolutely refuse to allow any person to see the babies.

A Thoughtful Husband.

No thoughtful, loving husband will neglect to provide his wife with this unequalled invigorating TONIC AND HEALTH RESTORER.

SWIFT'S SPECIFIC (S. S. S.) is the remedy for debilitated women and children. To them it imparts freshness of complexion, beauty of form, and elasticity of step.

Restored his Wife's Health.

My wife suffered for years from debility, and a general breaking down of health, the results of diseases peculiar to women. A few bottles of Swift's Specific (S. S. S.) restored her to perfect health. It built her up, increased her appetite and weight, until she is now the picture of health. The speedy recovery of my wife from her long illness caused all my family, and several of my neighbors to take S. S. S. As a tonic we are all delighted with it.

GEORGE FLAMMER, Covington, Ohio.

Our little girl, Jessie, had Scrofula for six years. We tried the best physicians of New York and Philadelphia; also Hot Springs, Ark., without avail. Swift's Specific (S. S. S.) cured her.

A MARVELOUS PREMIUM.

THE MUTUAL LIFE INSURANCE COMPANY,

OF NEW YORK, SECURES IT.

Nearly $600,000 Paid by Members of one Family for Insurance in the Mutual.—The Most Stupendous Transaction Known in the History of Insurance.—"It has Never Been Done Before; It Never Will Be Done Again."

—E. C. POTTER & CO.—

No. 700. New York, Dec. 24, 1889.

BANK OF NEW YORK.
National Bankers Association.

Pay to the order of L. C. HOPKINS, Genl Executive Agent

Five hundred and Seventy Eight Thousand, Three Hundred and Forty Five ——— LARS.

$578,345 00/100 — 20 DEC 1889 — CERTIFIED. Payable through New York Clearing House, N. B. A. — E. C. POTTER & CO.

The above check was received by the Mutual Life Ins. Co. of New York, for Insurance effected upon the lives of five members of the illustrious Havemeyer family of the City of New York. The Policies selected were the 10 year guarantee contracts of the Mutual Life's with the annuity feature added. Each policy was for the sum of $100,000 and the insured chose to make but one payment, thus commuting the cost. The insurance covered by the above mentioned premium payment of $578,345.00 was upon the lives of Mr. Theo. A. Havemeyer, the well known Merchant of this City, and four members of his family. Mr. Theo. Havemeyer, is the Austrian Consul General and a Gentleman of wide influence and of great business sagacity. Mr. E. C. Potter, whose signature is appended to the check, is the son-in-law of Mr. Havemeyer, and is one of the most prominent of bankers and brokers operating upon the stock exchange. There are two significant points for consideration in connection with this Insurance.

First, that the Messrs Havemeyer seeking a profitable and safe investment of a vast fund selected the Insurance as offering more advantages and greater security than any other form of investment. Second That they had such faith in the management and stability of the Mutual Life Insurance company of New York, that they willingly entrusted to its care nearly $600,000 in cash without any security whatever, and only the PROMISE of the company to pay.

The particulars of the life insurance contracted for by the family of Mr. Theo. A. Havemeyer, with the MUTUAL LIFE INSURANCE COMPANY, by which that institution received a single premium payment of $578,345.00, will excite wonderment and surprise in the world of underwriting, and set the general public to thinking of the possibilities of life insurance as an investment.

The idea of a party with six hundred thousand dollars of spare cash on hand, putting it all into life insurance.

Why didn't they build houses or purchase stocks, or do a dozen other things with it? Life insurance for an investment! That's all very well, some people think, if you must do it. But here are five members of one family engaged in merchantile pursuits, fully alive to the value of every financial scheme of importance in this or any other country, who after examining every tempting investment, came to the conclusion that the surest, most profitable and altogether desirable one, is that offered by the MUTUAL LIFE.

Then think of the fact that all this money, far exceeding half a million dollars, is placed in the hands of the company without other security than its promise to pay. If that is'nt an evidence of confidence, what could be?

IT'S THE LARGEST, STRONGEST AND BEST LIFE INSURANCE COMPANY IN THE WORLD. Its assets are thirty millions greater than those of any other American Life Insurance company. Over eighty millions greater than those of any life office in Great Britain, and sixty millions greater than the entire funds of the bank of England, which is the largest banking institution in the world.

The Mutual Life Issues Every Desirable Form of Policy.

THE WORLD'S FAIR.

Meeting at Philadelphia to Arrange for Its Success.

PHILADELPHIA, Penn., July 15.—At 10 o'clock to-morrow in the Continental hotel, this city, a sub-committee of the permanent organization committee of the world's fair, is to meet and advise with those Philadelphians prominent in the centennial exposition as to the most feasable means of assuring the success of the world's fair in Chicago.

The meetings are to go on from day to day until all the information bearing on the subject that can be had here is obtained. When asked about the rumor that they had come here for financial aid Mr. McKenzie replied:

"The rumor that we have come here to enlist Philadelphia's capital in the fair, is untrue, our object in coming is purely and simply to get information that will be of value to the committee."

Adaptation.

"Have you ever thought," said young Mr. Lunkhead, just home from the university, "how the processes of evolution have adapted everything in nature and art with exquisite adjustment to everything else?"

"I do' know as I git hold 't exactly what you're drivin' at," said his father.

"Well," said young Mr. Lunkhead, "I will illustrate the matter so as to bring it down to your comprehension. For instance, behold how admirably adapted one's legs are for wearing trousers. If we had but one leg, we should have to pin the extra trouser leg up on one side?"

"Shu! now, I never'd 'a' thought o' that."

"The same way, of course, with boots. If nature had provided us with only one foot, what a dreadful waste of shoe leather there would have been!"

"Sure enough."

"Yes, take it all around us, now. How ridiculous all the bridges would have been, if nature hadn't provided the streams to run under them!"

The old man seemed lost in thought, and gazed at his son with a wondering expression, scratching his head meanwhile.

"And consider," young Mr. Lunkhead went on, "what an immense amount of good metal and jewels would have been absolutely wasted in rings if men and women had not been made with fingers to wear them."

The old gentleman was overcome with admiration.

"Ye see, now, Seraphina," he said, turning to his wife, "what it is to hev a college education!"—*Youth's Companion.*

Musical Bullfinches.

There is a little shoemaker on Dover street who trains "bullfinches how to whistle tunes. He has about a dozen birds of his own, and with them are over thirty which he is now educating. He divides his birds into three classes —sentimental, patriotic and Irish. They are kept in different rooms, so that one class never hears the melodies taught to the others. The patriotic birds he keeps in his workshop, and to these his whistles "Yankee Doodle" all day long, keeping time with slips on his lapstand. In his living apartment he has about a dozen birds, which he calls his Irish brigade. These are learning to whistle "Killarney." Some of them are already proficient in the time. Formerly he taught his "Irish" class either "St. Patrick's Day" or "The Harp That Once Through Tara's Halls." Of late he has abandoned both these airs and come down to "Killarney." Upstairs in his sleeping rooms are the sentimental birds, and all that these hear is "Annie Rooney." No other tune is allowed to reach their ears but the one they are going to learn.

"How long does it take a capable bullfinch to learn a tune so he can whistle it clear through?" asked a *Globe* reporter.

"Anywhere from two to six months, according to how much pains are taken with the birds."

"And how much do you get for giving the birds their musical training?"

"About $5 or $10, according to how much I think I can get."

"When a bullfinch has learned a tune will he remember it all his life?"

"You bet he will, and he will just whoop it up, too, every chance he can get."

DEMOCRATS, ATTENTION!

Your Attention is Directed to a Law Requiring Registration.

Section 13 of the new election law provides that certain parties must register at least three months before election, by appearing in person at county clerk's office, and there complying with the registration laws. The general election will be held November 4, 1890, hence all who are required to register, must do so before August 4, 1890. No costs to pay. The county pays the clerk. The following persons must register:

Any person, who, having been a resident of Indiana, shall have absented himself six months or more.

Any person who shall have gone into another state or county with intention of voting therein or who shall have voted therein.

Any person who has not been a bona fide resident of the state and of *the county* for at least six months before the election.

This last clause is very important as it applies to all who have moved into the county since May 4, 1890. The penalty for voting or attempting to vote without registration, when such is required, is from one to five years in state prison.

Great care must be taken so that persons do not violate the registration laws unwittingly. Committeemen, and active democrats generally, are hereby requested to see to it that all who are required to register before voting, especially those who have not lived in the county prior to May 4, 1890, shall be registered in the clerk's office on or before August 4, 1890.

A canvas of the several voting precincts by committeemen, and procuring the registration of all those voters who are included in the above classes, will result in saving many votes to the party.

Let all active democrats at once look about them and have the law fully complied with before August 4, 1890.

O. M. DAWSON,
Chairman Pro Tem—Democratic Central Committee.

W. W. ROCKHILL,
Secretary.
